

Gate Entry

Econfina Preserve and Twin Rivers

The current entry system is operating under the previous code, which was on the combination lock, which was on the chain at the gates.

On November 30th, 2020 at 12:01 am.

The code to enter will not be the same as the previous code, between now and then, you must e-mail president@econfinapreserve.com to get your own personal code.

It's very important that you e-mail and give us your information and lot number in order to properly provide you with your code, there will be several questions asked.

If you don't comply with this request you will not be able to enter, this is very important so that we can provide you entry.

Once you provide the information required, we will check to make sure that you are a lot owner within these two Associations. Our response back to you is up to 24 hours from the time of your request.

You may also purchase a remote control unit at a cost of \$100.00 per unit; all of the proceeds will go back into the association to continue improving the community.

Sincerely,

Rafael Paredes
President
Econfina Preserve P.O.A
