This application is so that we can manage the security at our community, this application is to be filled out and returned to the Board 10 days prior to any work commencing on any property.

Failure to comply with this application or informing the Board as listed above will be subject to a \$100 a day and up to \$1000 fines .

No work will be performed without the approval of this application.

This is only for the protection of our community, damage to the roads, other work being done by the Board that might be a conflict to the work that is being requested.

Any damages to the road, gates, locks and any other that is on the common area will be the responsibility of the requesting lot owner who is requesting the work to be performed.
