REGIONAL SPECIALISTS IN  
STAKEHOLDER ENGAGEMENT AND COMMUNICATIONS  
**Small Business Support and Referral Services**

CSE Consulting Queensland is a regionally based, professional writing, communications, and stakeholder engagement provider. We provide practical, effective solutions to help your business cut through the noise, with services which include:

- 🔗 Professional writing – Capability Statements, Business Profiles, Policies and Procedures, Brochures and other print and digital collateral
- 🔗 Website Content Writing
- 🔗 Digital Marketing Content
- 🔗 Event Planning and Management
- 🔗 Strategic Communication, Marketing and Engagement planning
- 🔗 Communications and Engagement Workshops and Tutorials
- 🔗 Event, Campaign, and Crisis Communications

We cultivate authentic regional relationships between business, industry, and our communities. These relationships are built on trust and an inherent understanding of our regions and those who call them home. They also enable us to collaborate and connect with other local, regionally based businesses to deliver a complete service offering, including:

- 🔗 Digital and Social Media Marketing
- 🔗 Website construction and SEO development
- 🔗 High-End Design
- 🔗 Signage
- 🔗 Event Dressing
- 🔗 Marketing Collateral

As a small business ourselves, CSE Consulting Queensland loves supporting other SMEs with the highest-quality content and professional writing. More broadly, we also work with stakeholders to deliver outcomes across a broad spectrum of community pillars, including:

- 🔗 Small Business
- 🔗 Regional Development
- 🔗 Major Industry
- 🔗 Renewable Energy and Decarbonisation
- 🔗 Future Industries and Advanced Manufacturing
- 🔗 Metallurgical and Thermal Coal and Critical Minerals
- 🔗 Mine Tech
- 🔗 Agriculture

Put simply, we don't just tick boxes. We aim to exceed expectations and deliver beyond the obligations of social license and corporate responsibility. We communicate in a way that is real, and work with an intrinsic understanding of regions, business, and community.
