Our Directors

Eyup Gungor

My two biggest passions are helping people and business! I enjoy developing cool and new ways to provide quality supports for our participants and in result seeing a big smile on their face.

Apart from that, I'm a laid back person that enjoys the little things in life. If you see me in person please come and say hi, I'm always up for a chat!

I'm keen to meet you! A little bit about me, I enjoy being outdoors and playing sports. More importantly, I love being able to help people achieve their individual goals, no matter how big or small they are.

In my past jobs, I have supported people with all kinds of abilities both as a support worker and as a case manager.
