

POWERED BY **NINETY**

The **ONLY** Licensed Software for EOS®

NINETY'S POWERFUL TOOLS INCLUDE

MEETING MANAGEMENT

Enhanced Level 10 Meeting™ management with an in-app timer, note-taking feature, and meeting recap recordings for review.

SCORECARD & MEASURABLES

Weekly and monthly data entry allows you to track each team's scorecard with ease and share measurables.

ROCKS

See your Rock completion at a glance and delegate steps to team members that can convert to To-dos.

TO-DOS

Organize your team's to-dos to see what is past due, and overtime you will be able to see what has not been completed on time.

ISSUES

View issues for your team anytime, and easily create an issue for discussion out of any item — maintaining the original item's detail.

CONCLUDE & RECAP

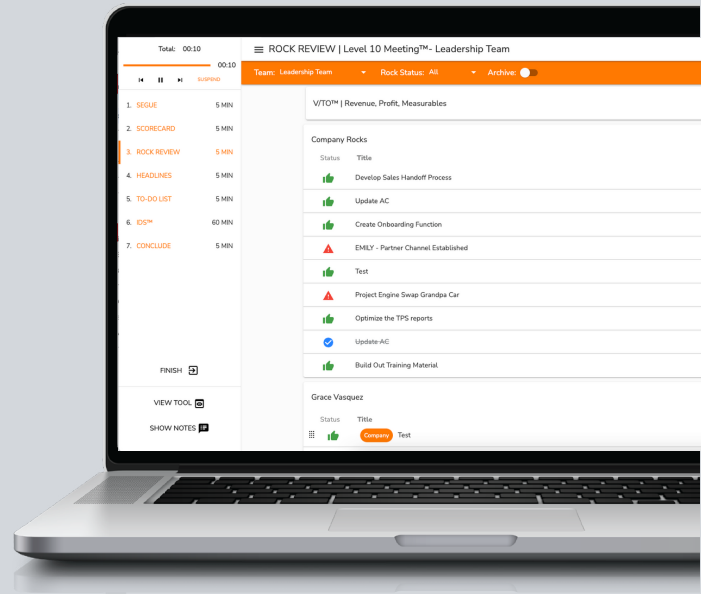

End each meeting by reviewing action items, messages and send a meeting recap email which will be saved in past meetings.

ACCOUNTABILITY CHART™

Create a clear way for your people to see their roles/responsibilities, and how they are measured with descriptions for each.

Vision/Traction Organizer®

What are you working on this quarter? A Strategic Vision simplifies the strategic planning process and allows you to have a shared vision of the future and what needs to happen right now.
