Services For Cell Therapy Companies:

We offer the following services “a la carte” or as a build-your-own project for us to assist you where needed.

1. Developing or optimizing healthy donor procurement program:
 - a. Defining what types of products and specifications.
 - b. Defining ideal donor specifications.
 - c. Defining donor and product testing needs.
 - d. Defining product processing and shipping requirements.
 - e. Defining donor and product documentation requirements.
 - f. “Research use only” (RUO) vs “Good Tissue Practices” (GTP)/“Good Manufacturing Practice” (GMP) grade products.
 - g. Helping your quality team:
 - i. Understand quality and regulatory requirements for cellular starting materials, GTP/GMP-grade products.
 - ii. Develop a quality agreement template.
 - iii. Prepare for product suppliers audits.
 1. Provide audit support if needed.
2. Connecting with collection centers to meet your needs.
3. Anything else you can think of →
 - a. If we can do it, we will help.
 - b. If we can't do it, we will help you find someone who can.
