

Scenario 3

It is a Tuesday night, and you arrive early at the club for training.

On entering the club house, you hear a voice which is coming from the changing room.

As you get closer you become aware the door to the changing room is wedged open and you hear a teenage player in the Under 16 team protest, using the phrase - "stop it, don't touch me!"

You enter the room and see the coach, they have their back to you and are stood over the player, who looks visibly upset.
