

Toy Toon Cookie Policy

This policy (this "Policy") explains how we use cookies on the Toy Toon website (www.toytoon.co.uk.) We recommend that you read this policy so that you are aware of how we use them and can take steps to reject or delete the cookies if you do not agree to them being used. Our cookies generally do not collect personal information about you, however where they do, our Privacy Policy applies.

Cookies are small text files stored on your device and used by website operators in order to make websites work, or work more efficiently, as well as to provide information to the operators of the website or certain third parties. Each cookie usually contains a unique string of characters, which allows a website to distinguish your device from other users. In this Policy, we use the term "cookie" to mean a cookie and any other similar technology, such as web beacons, local stored objects ("Flash cookies"), and pixel tags.

We may combine information collected via cookies with information such as your IP address, the type of browser, device and operating system, for example to provide statistical information about visitors to this website.

You can find out more about cookies at <http://www.allaboutcookies.org>

The user instructions for your browser or device will explain how you can control the use of cookies on your device.

Types of cookies used on this website

We use the following cookies:

Cookie	Domain	Description	Duration	Type
dps_site_id	toytoon.co.uk	This is a session cookie used for optimizing the speed and performance of the website.	Session	Performance

AWSALB	Cdn.ywxi.net	AWSALB is an application load balancer cookie set by Amazon web services to map the session to the target.	7 days	Performance

Necessary cookies

These are cookies that are required for the operation of our website.

Analytical/performance cookies

They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Functionality cookies

These are used to recognise you when you return to our website.

Third party cookies

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

Categories of Cookies used on this Website

Cookie List

A cookie is a small piece of data (text file) that a website – when visited by a user – asks your browser to store on your device in order to remember information about you, such as your language preference or login information. Those cookies are set by us and called first-party cookies. We also use third-party cookies – which are cookies from a domain different than the domain of the website you are visiting – for our advertising and marketing efforts. More specifically, we use cookies and other tracking technologies for the following purposes:

Necessary Cookies

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. You can set your browser to block or alert you about these cookies, but some parts of the site will not then work. These cookies do not store any personally identifiable information. Find out more here.

Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site and will not be able to monitor its performance. Find out more here.

Functional Cookies

These cookies enable the website to provide enhanced functionality and personalisation. They may be set by us or by third party providers whose services we have added to our pages. If you do not allow these cookies then some or all these services may not function properly.

Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites. They do not store directly personal information but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising. Find out more here.

Rejecting cookies

You block cookies by activating the setting on your browser or device that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of this Website or may find that some features do not operate properly.

Except for essential cookies, all cookies will expire after 1 year.

Changes to this policy

This cookies Policy may be amended by us at any time. Please check this page periodically so that you are aware of any changes.
