

# Safety Data Sheet

## 1. IDENTIFICATION OF THE MATERIAL AND MANUFACTURER

**Product Name:** BLACK DAP™  
**Intended Use:** Nitrogen and Phosphorus Fertiliser.  
**Details of Supplier:** Advanced Nutrients Pty Ltd  
13 Hinkler Court  
Brendale. QLD. 4500  
Ph: 07 3448 0051  
Email: service@advancednutrients.com.au  
**Emergency Contact:** +61 427 908 329

## 2. HAZARDS IDENTIFICATION

**Classification:** NOT CLASSIFIED AS HAZARDOUS ACCORDING TO THE CRITERIA OF SAFE WORK AUSTRALIA  
**GHS Label:** No signal word, pictograms, hazard or precautionary statements have been allocated.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Substance Name:** DIAMMONIUM HYDROGEN ORTHOPHOSPHATE (DAP)  
CAS# 7783-28-0      EC# 231-987-8      Content: >80%  
Proprietary ingredients not considered hazardous: balance to 100%

## 4. FIRST AID MEASURES

### HEALTH EFFECTS

**SWALLOWED:** Ingestion may cause diarrhea, nausea, vomiting and cramps. Irritation to mouth and throat.  
**EYE:** Irritant to eyes.  
**SKIN:** Mildly irritating to skin.  
**INHALED:** Irritation to the respiratory tract. Symptoms may include coughing, shortness of breath.

### FIRST AID

**SWALLOWED:** If Symptoms occur seek medical attention or contact the Poisons Information Centre on 13 11 26. Do NOT induce vomiting.  
**EYE:** Flush gently with running water for 15 minutes  
**SKIN:** Remove contaminated clothing, wash with soap and water. Seek medical attention if irritation occurs  
**INHALED:** If inhaled, remove from contaminated area. If irritation persists, seek medical attention.

## 5. FIRE FIGHTING MEASURES

**FLAMMABILITY:** Non-flammable. May evolve toxic gases (ammonia, nitrogen oxides, phosphorus oxides) when heated to decomposition.

# Safety Data Sheet

EXTINGUISHING MEDIA:	Use extinguishing media suitable for surrounding fire.
FIRE / EXPLOSION HAZARD:	Evacuate area and contact emergency services. Toxic Gases may be evolved in a fire situation. Remain upwind and notify those downwind of hazard. Wear full protective equipment including self contained breathing apparatus when combating fire. Use water fog to cool intact containers and nearby storage areas.
HAZCHEM Code:	None allocated

## 6. ACCIDENTAL RELEASE MEASURES

SPILLS AND DISPOSAL:	<p>If spilt, use personal protective equipment (dust proof goggles, PVC/rubber gloves and a class 1 respirator). Ventilate area where possible. Contain spillage then collect and place in suitable containers for disposal. Avoid generating dust. If outdoors, and not immediately recoverable, protect spill from the elements to contain wind and water dispersion. Recovered product may be applied to agricultural lands in line with Agronomist advice.</p>
----------------------	--

## 7. HANDLING AND STORAGE

VENTILATION:	Ensure ventilation is adequate to maintain air concentrations below exposure standards and as low as is reasonably practicable. While good natural ventilation may be adequate in most cases, local exhaust ventilation may be required.
PERSONAL PROTECTION:	Protective equipment must be worn: PVC gloves, waterproof apron, safety boots and a full-face shield. Avoid breathing dust or vapours.
FLAMMABILITY:	The product poses no flammability hazard.
STORAGE AND TRANSPORT:	<p>Store in cool dry place. Not recommended for storage in silos. Ensure containers are labeled adequately and are protected from physical damage and in a well-ventilated area. When stored in a confined unventilated space, this product can give off ammonia or odour and lead to the depletion of oxygen within this space and other confined spaces. Do not allow to come into contact with water, regardless of rain, condensation or surface water. Bagged product, these bags should be stored uncover and out of direct sunlight. 1000kg bags should not be stacked more than two high as pressure promotes caking. Store away from Agro-Chemicals, animal feeds and foodstuffs. Store above 4°C, freezing may reduce the effectiveness of the product.</p>

# Safety Data Sheet

OTHER INFORMATION: Avoid contact with inter halogens, strong acids, strong oxidising agents (may decompose).

**KEEP OUT OF REACH OF CHILDREN**

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

VENTILATION: Ensure ventilation is adequate to maintain air concentrations below exposure standards and as low as is reasonably practicable. While good natural ventilation may be adequate in most cases, local exhaust ventilation may be required.

PERSONAL PROTECTION: Protective equipment must be worn: PVC gloves, safety boots and safety glasses. Sensitive skin must be kept covered. Avoid breathing dust or vapours. Masks must be properly fitted and comply with Australian Standards AS/NZS 1715;1716 "Selection, use and maintenance of respiratory protective devices."

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### PRODUCT DESCRIPTION / PROPERTIES

**APPEARANCE:** Brown/Grey Granules  
**SOLUBILITY (WATER):** Soluble  
**pH (NEAT):** 8.0 (1% Solution)  
**ODOUR:** Pungent  
**SPECIFIC GRAVITY:** 1.62  
**BULK DENSITY:** 900-1100 kg/m<sup>3</sup>  
**EXPOSURE STANDARD:** 10mg/m<sup>3</sup> Nuisance dust  
**MELTING POINT:** No information available  
**FLASH POINT:** No information available  
**FLAMMABILITY LIMITS:** Non Flammable  
**AUTOIGNITION TEMPERATURE:** No information available

## 10. STABILITY AND REACTIVITY

**REACTIVITY:** No known reaction to occur  
**STABILITY:** Stable under recommended storage conditions  
**CONDITIONS TO AVOID:** Caustics and strong acids will affect the quality and condition of the product.  
Avoid heat, and other ignition sources.  
**INCOMPATIBLE MATERIALS:** Incompatible with oxidising agents and acids.  
**HAZARDOUS DECOMPOSITION:** May evolve toxic gases when heated to decomposition

## 11. TOXICOLOGICAL INFORMATION

This product is generally considered to be of low toxicity. Use safe work practices.

# Safety Data Sheet

<b>Substance Name:</b>	DIAMMONIUM HYDROGEN ORTHOPHOSPHATE Oral LD50: >6500 mg/kg Rat     DERMAL: >7950 mg/kg Rabbit
Skin	May cause redness, irritation and rash
Eye	May cause redness, irritation and pain
Sensitisation	Not classified as causing sensitisation
Mutagenicity	Not classified as a mutagen
Carcinogenicity	Not classified as a carcinogen
Reproduction	Not classified as a toxin
STOT–acute exposure	Over exposure may cause irritation of the respiratory system. Ingestion of large quantities may also result in nausea, vomiting and gastrointestinal irritation, and potential disturbances in calcium metabolism
STOT–chronic exposure	Not classified as causing organ damage
Aspiration	Not classified as causing aspiration

## 12. ECOLOGICAL INFORMATION

TOXICITY	No information provided
PERSISTENCE	No information provided
BIOACCUMULATIVE	No information provided
MOBILITY	DAP contains ammonium and orthophosphate. Ammonium is more stable in soil though may transform to highly mobile nitrate. Phosphate is sorbed to soil colloids and has low mobility. Phosphate is mainly lost to environment via erosion.
ADVERSE EFFECTS	Avoid contaminating waterways. Fertilisers, particularly those containing nitrogen and/or phosphorus, can stimulate weed and algal growth in static surface waters. Nitrogen fertilisers may contain or form nitrate which can contaminate surface or ground water. High nitrate concentrations may render the water unsuitable for human consumption and livestock consumption.

## 13. DISPOSAL CONSIDERATIONS

DISPOSAL:	Beneficial reuse is the most preferred option of disposal. Degraded or non-harmful contaminated fertilisers, can be applied in diverse forms and methods (spreading or liquid application). Fertilizers contaminated with harmful substances (chemicals, hydrocarbons, etc.) must be disposed in accordance with advice from the relevant Waste Management Authority.
-----------	--

**ALWAYS DISPOSE OF IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL REGULATIONS**

## 14. TRANSPORT INFORMATION

TRANSPORT:	This is a non-dangerous good by the criteria of the ADG, IMDG, and IATA
UN NUMBER:	N/A
PROPER SHIPPING NAME:	N/A

# Safety Data Sheet

D.G. CLASS: N/A  
PACKAGING GROUP: N/A  
SUBSIDIARY RISK: NONE  
HAZCHEM CODE: N/A  
POISONS SCHEDULE: N/A

## 15. REGULATORY INFORMATION

**Classifications:** Safe Work Australia criteria is based on the Globally Harmonised System (GHS) of Classification and Labelling of Chemicals (GHS Revision 7).

**Inventory Listings:** AUSTRALIA: AIIIC (Australian Inventory of Industrial Chemicals). All components are listed on AIIIC, or are exempt.

## 16. OTHER INFORMATION
