

September Field Trip

Clovis Fest – Hot Air Balloons

Saturday, September 26th 6:00 am

Meeting at the Clovis Rodeo Grounds parking lot

Leave the tripod at home, you won't need it

Bring either a telephoto lens or lenses you might want to use for up close and wider-angle shots

Some photographers like to shoot all the balloons and wander between them, some like to pick a balloon and stay there through the process then move to another.

Look for backlighting / silhouettes

Shots of the balloons filling up

Balloons taking off
