Simonian Farms

Introduction

Simonian Farms is a combination of country store offering the largest collection of dried fruit and nuts and antique collections inside and out. The collections include old bicycles, farm equipment, tractors, railroad switching stations and full-size train caboose

Potential Photography subjects

- Offerings in country store
- Antique agricultural equipment
- Old railroad equipment
- Texture, contrast and aging surfaces

Potential Photography Skills to practice

- Macro
- Close-ups
- Processing in black and white or sepia for timeless vintage look

Creative Challenge (optional)

Create a small visual story of the outing by capturing five images: an establishing scene, a human or animal moment, a close-up detail, a repeating pattern and anything else that completes the story. Edit the group with a consistent color treatment so that it reads as a cohesive photo essay.
