

OPTAVIA® Lean & Green

What is a Lean & Green Meal?

A Lean & Green meal includes 5 to 7 ounces of cooked lean protein plus three (3) servings of non-starchy vegetables and up to two (2) servings of healthy fats, depending on your lean protein choices.

Enjoy your Lean & Green meal any time of day – whatever works best for your schedule.

Healthy Fats

Every day, incorporate up to two (2) servings of healthy fats into your Lean & Green meal. Healthy fats are important because they help your body absorb vitamins like A, D, E and K. They also help your gallbladder work properly.

Lean & Green Meal: The “Lean”

Lean Tips:

- Portion size recommendations are for cooked weight.
- Choose meats that are grilled, baked, broiled or poached – not fried.
- Each week, try to eat at least two servings of fish rich in omega-3 fatty acids (salmon, tuna, mackerel, trout or herring).
- Feel free to choose meatless options like tofu and tempeh. For a complete list of meatless options, please refer to our [‘Vegetarian Information Sheet’](#) or contact Nutrition Support at NutritionSupport@OPTAVIA.com.

Choose the appropriate serving size of any protein from the list on the following pages. We’ve sorted protein options into leanest, leaner and lean. All options are appropriate for the Optimal Weight 5 & 1 Plan; this just helps you make informed food choices. For a variety of Lean & Green recipes, check the **OPTAVIA** App for suggestions of all kinds.
