Transitional Services

We are a Healthcare planning and coordination service designed to “fill the voids” in an often fragmented health care system. Care Coordinators are trained to assess, develop and monitor personalized care plans that address patient specific needs and goals particularly in regards to a medical event or change of condition.

GAP Care Solutions advocates for and collaborates with patients, their families and healthcare providers so that informed decisions can be made throughout the continuum of care. We are knowledgeable of, and link patients with, a variety of medical professionals and social service agencies, including:

- Home Health Providers
- Hospice Providers
- Board Certified Palliative Physicians
- Mobile Medical Specialists
- Physicians and Nurse Practitioners
- Private Duty Caregivers
- Durable Medical Equipment
- Other Community Resources

GAP Senior Care Management Services

We are there to help manage your loved one's care when you are unable to do so

Does time, distance, or lack of knowledge and expertise leave you feeling overwhelmed when caring for your loved one?

GAP Senior Care Managers are Licensed, Master Level Social Workers who specialize in elder care issues and have advanced training to help clients and families by:

- Assessing the specific needs of the client to determine the level of care needed, appropriateness of their current living situation and current medical needs.
- Helping to navigate the medical system, advocating on the client's behalf with doctors, hospitals, nursing care facilities, and assisted living centers to appropriately coordinate care and services for them.
- Monitoring services, insurance benefits, and resources to ensure that the client's needs are met for their care, safety and overall well-being.

This service is paid for privately, but may under certain circumstances be covered by insurance.

Let us improve the quality of life for your loved one and increase your peace of mind.
