And by the way – the photos look FANTASTIC! – Now that I can see them!

As you said the light has made it look awesome (and the slick photography!!!).

Hi Sam,

Thanks for sending these outstanding photographs.

Can you please especially convey my thanks and congratulations to Rob: there is no doubt he is a true professional but more importantly it was obvious when meeting and seeing him in action that he enjoys what he does – this is clearly evident in what he has produced for us!

Regards

*Rob*

The photos Rob took were sensational, he showed the house in a glamorous light in a manner I did not believe was possible.

I think it is in a large part due to Rob's photos that we have already sold the house.

Please thank Rob on behalf of Penny and myself.

Hi Rob

I believe we can cancel the floor plan, thanks.

The photos are exceptional especially looking out the sunroom to the garden.

Hi Rob,

Thank you for all your efforts, yesterday. I was impressed by how gentle you were with the clearly emotional mother, Phyllis.

All the photos and plans look great!

Good work!

Ever since the first photo shoot that Rob did for us we have been ecstatic with the results. The photos are of a high standard that I have not seen matched by other photographers. He is always willing to shuffle his diary to help accommodate both mine and the vendors needs. The turn around for the photos is prompt as promised. I would not consider using any other photographer in Adelaide to photograph my properties regardless of price.

Having only been in the industry for a short time I was referred to Rob via a colleague in the office.

I would like to commend Rob on his professionalism and promptness in getting the job done. No job is too hard, Rob is always accommodating with my needs and the needs of the vendor's. The quality of work produced has always been of top quality and I will continue to use Rob for my future needs.

Just rec'd photos via Martina Claus,

Gorgeous reflection of unit. You have captured this small area beautifully - inside and out.

Your pics are always lovely, but I appreciate the effort you put into our small projects , just as if it were a high end property.

This means a lot to us, and gives us a fabulous visual for Martina's marketing. Thank you. Leisl Pfeiffer
