## Individual & Couples Counseling Therapy Tools

Reignite Your Marriage & Substantially Improve Your Relationship as a Loving Couple with Psychologist Dr. Gilbert Chalepas.

Effective Couples Marriage Therapy: Helping You Recreate a Fulfilling Relationship within California or Florida.

Most clients and couples confide in me that they initially hesitated to seek individual therapy and marriage counseling because it's hard to admit fault, much less failure in marriage or life. Many times, the clients and couples experiencing difficulties have often made repeated attempts to sell their challenges and differences without much success.

As a licensed LGBTQ & Couples Cognitive- Behavioral (CBT) clinical psychologist in California (Beverly Hills, Laguna Beach, Corona Del Mar, Newport Beach, San Diego, and San Francisco) and Florida (Boca Raton, Delray Beach, Fort Lauderdale, Miami and Palm Beach), a life-long therapy advocate and consumer, I truly believe miracles can happen when one chooses to make them happen by taking the necessary actions to make their dreams a reality. Winners ask for help and many times they find a way to get it. You don't have to be a genius to win, you just have to want it bad enough. It is important that we work with our strengths and remember to hire out our weaknesses. Why reinvent the proverbial wheel? Couples & Individual Cognitive-Behavioral Psychotherapy is one of my personal strengths and I truly get such joy out of helping my clients transform their lives as I had the chance to do with my own life with a tough yet caring psychologist in Los Angeles. She believed in me before I did. Although it was rough at times, today I am very thankful to have had that opportunity which taught me so much.
