This is the main fundraiser Missions for Humanity has. **A Tanzania Mission trip cost MFH between $35,000 - $50,000** (depending on the size of the team) **so it is very important we do well... which we can do with everyone's help!**

The money raised through this fundraiser pays for:

- All Ground Transportation in Tanzania which includes:
  - Rental of vehicles
  - Extra drivers
  - Gas
- Doctor and nurse license fees ($400 per doctor, $100 per PA, NP, nurse)
- Translators
- All medications we purchase to bring on the mission trip. Medications are purchased at a discount through Blessings International, MAP, etc.
- Script pads, medication labels, bags, etc.
- Educational supplies
- Blood test, Malaria test, etc. that the patients you are seeing may need (when possible, some clinics have these facilities)
- Additional luggage to bring supplies

Any additional items you could help us gather for the silent auction and small raffle would be **greatly appreciated**. The more items we have… the more money we make… the more supplies we can buy!
