# Welcome!

Welcome to the 2020 Missions for Humanity Annual Benefit Dinner & Auction. It is great to see so many former, new, and prospective mission team members, families, friends and supporters of all kinds. We have a great evening planned. Sharing time with friends and perusing the many new and exciting items in the auctions and Lucky Draw will make for an exciting evening.

Tonight's auction is possible because of the efforts of a multitude of people who have been working very hard to assure that you have a great evening. Whether it be soliciting donations, organizing tables, designing the auction book or any of the other many jobs that must be done for this evening to happen, people have put in countless hours of hard work because they, as you, believe in the mission of MFH. To all those who have helped in any way, I say thank you. Your efforts are truly appreciated. Sponsors and donors, I am overwhelmed by your unending generosity.

It is because of the generosity of supporters such as you that MFH has been able to accomplish all that it has. So, soak in the excitement and Bid! Bid! Bid! Help us to make this year's Benefit Dinner & Auction the best yet!

Thank you for coming and supporting our efforts.

Missions for Humanity (MFH) is a 501(c)(3) nonprofit organization dedicated to providing medical, dental and humanitarian aid to those in the world's neediest communities. Rooted in the teachings of the Catholic faith, we serve with utmost respect for the preservation of human dignity. We provide care for all people regardless of religion, gender, race, or ethnicity. MFH is an ever-growing organization built by the hard work of volunteers. Over 95% of all monies raised goes directly to the mission trips/projects and the people we serve.

Since 2004, MFH mission teams have cared for over 27,000 people, restored and pulled over 5,500 teeth, distributed 11,500 pairs of eyeglasses and collected and donated well over one million dollars in medications and supplies. In the past three years alone, MFH has not only provided medical and dental care, but has also built a solar-powered well to give students clean drinking water at Kichangani primary school, built solar-powered wells in the villages of Golani and Mkamba so the women would not have to walk hours to find clean water, and added solar power to the well in the village of Kavuma for its Green House Irrigation Project. MFH has built toilets at the village schools of Muhimblili, Vumilia Ukooni, and Kijaka, and provided families with pregnant cows and goats for fertilizer and milk and chickens for eggs and meat. At the mission in Guaimaca, Honduras, MFH has helped build a dental clinic and renovate the school. Additionally, MFH has just finished building a Health Clinic in the village of Kijaka, Tanzania, a very poor village where previously people had to walk two hours to receive medical care of any kind. It is through the efforts of supporters such as you that Missions for Humanity has been able to accomplish all that it has. Please continue to help MFH add programs and projects and better help those in need.
