

Medicines: From the Ministry a list of top diseases and 10 top drugs has been identified. If the medicines can be purchased or donated they will be very helpful to address the most common tropical diseases that our communities suffer from. Here they are:

Top 12 diseases

1. Urinary Tract Infection (UTI)
2. Malaria / Anemia
3. Acute Respiratory Tract Infection (ARI)
4. Skin Infection
5. Genital Discharge Syndrome
6. Genital Ulcers Syndrome
7. Eye Infection
8. Pregnancy related conditions
9. Diarrhea
10. Fungal infection
11. Hypertension
12. Diabetes

Top 10 drugs

1. Alu /Haematinic drugs
2. Metro nidazole
3. Erithromicin
4. Ciprofloxacin
5. Amoxyllin
6. Septrin
7. Tropical fungal cream
8. Gentramycin eye drops
9. Paracetamol
10. Fluconazole

In addition, I would like to include on the list the ultraviolet (sun) screen (cream) for the Albinos
