Coin Box Manual

size: W175mm x L145mm x H175mm

Base Installation Manual

1 The first step is connecting six bases of Steam Train.

Please arrange the bases in number order. Please match the same numbers in order
[See pictures A and B]

2 Remember to make sure the connecting wire (which connects inside the castle) are pulled through and left on the green carpet side.
[See picture C]

3 Finally, please remember to screw the bases together.
[See picture D]

Castle Installation Manual

- 1 **The Second Step is putting on the castle. Please match it to the shape on the green grass surface.**

Please locate the “front side” stickers on both the base and the castle.

[See pictures E and F]

- 2 Then put the castle on the green grass surface.

Please make sure the bolt holes line up.

[See pictures G and H]

Castle Installation Manual [CONTINUED]

- 3 There are two doors on the castle. Please open the control door side as the sticker shows.
[See picture I]

- 4 Then connect the wires both on green grass surface and inside the castle.
[See picture J]

- 5 Finally, close the control door and fix the castle with bolts on both sides. The bolts are in front of each door.
[See picture K]

Traffic Light Installation Manual

- 1 **The Third step is connecting the wires of traffic lights with the wires on greensward.**

Put the traffic light on the green grass surface according to the shape of traffic light and line up the bolt holes.

[See picture L]

Remember to put the traffic light on facing the right direction. Locate the “front side” stickers on the green grass surface and the light.

[See picture M]

- 2 Connect the wires coming out of the trains base and the wires from the traffic light.

[See picture N]

Train Car Installation Manual

- 1 **The fourth step is putting the train into the track.**

Take off the track before the one which has the “Train Entry” sticker on it.

[See picture O]

- 2 Put the train onto the track as in number order (one, two, and three).

[See pictures P, Q, and R]

Train Car Installation Manual [CONTINUED]

- 3 Connect each of the trains with the bolts. Then plug in the power cord between the trains.
[See picture S]

- 4 Finally, remember to put the track back on that was removed in Step 1.

Fence Installation Manual

1 The fifth step is connecting the fences.

Please arrange the fences in number order around the green grass base.

[See picture U]

2 Attach the green brackets to the fence sections and then attach the fence sections fences to the green grass surface with bolts.

[See pictures V and W]

Fence Installation Manual [CONTINUED]

- 3 Attach the fence sections in order with bolts. There are a top and a bottom sections on both ends of the fence section that require bolts.
