With such a large catalog of tunes from America & our cousins across the pond, .45 Surprise will bet your bottom dollar that you've never heard them performed in quite our style on traditional instruments with tight 4-part vocal harmonies. We love performing and can accommodate any size event from an intimate bar to a corporate soiree in a variety of combos from a soloist to full 5- or 6-piece band. We bring our own professional quality PA sound system and sound engineer.

Our instruments are acoustic guitar, dobro, mandolin, fiddle, bass, banjo and pedal steel guitar.
