

## LIES, MASQUERADING AS TRUTH, And HOW The CROSS REVEALS THEM

*By Rev. Chris Meier*

“The past was erased. The erasure was forgotten. The lie became truth.”  
By George Orwell, 1984. Sometime in January or February, the Lord wanted me to know that lies would multiply and I needed to share how Jesus spoke truth. In this Easter season, our enemy tells lies about Jesus’ resurrection. We’re hearing ridiculous ‘everyday lies’ about politics, our finances and the security of America. There’s a lot of lies circulating as truth out there. This is what satan has attempted to do with Jesus and His resurrection. You’ve probably heard of them before: “He’s a myth— oh, no, sorry; He was a real person but the miracles and His resurrection are fables. After all, the Bible is full of ridiculous stories of legend” (See 1 Corinthians 15:12-58).

The problem with all those lies are the witnesses. Actual, real people saw and experienced biblical miracles. Jesus is a real person who walked the earth and had disciples. These disciples, both men and women walked, talked, lived and experienced the miracles Jesus did. The Bible tells us that 500 people saw Him after His death (1 Corinthians 15:3-11). In other passages we are told about the women and men who talked with Him for forty days after His passion (Acts 1:1-11). Then there’s the history in the Old Testament of the Jewish Messiah. Jesus fulfilled many Scriptures written about the Jewish Messiah. The ones yet to be fulfilled will be when He comes back to the earth the second time. This article would become hundreds of pages if we reviewed all of them, but you can check out a few here: Isaiah 7:14; Isaiah 52:13-53:12; Micah 5:2; Zechariah 12:10; Psalm 2: Psalm 22; Luke 24:25-27.

So, there’s always a pattern to the truth: history, facts and witnesses. Much like science, where you have an experiment, with observation that produces the resultant science. The funny thing about the lie is it follows a similar pattern. It desires to destroy the historical evidence, then change the facts. After that, the lie must discredit the witnesses.

## *Modern Day Lies*

We've discovered how many lies the people we have voted in office have told. One truth is certain: The American people have lost 90,000 factories and close to 6 million jobs since NAFTA went into effect in the 1990s. When I was a kid, factories were everywhere. They did not look nice at all. It was so intense that a movement was started to pretty them up. Recently, there was a Congressional House reconciliation package being voted on. I think it was the first one with the new Republican majority. I had heard maybe one democrat might vote it through, but the republicans would need almost all of them to vote yes, in order to keep the Federal government up and running. If I remember correctly, a few more democrats signed on. I did hear a congressman from New York cry that the House's bill would cut \$4 trillion from a government filled with waste, fraud and abuse. That people would suffer and it would leave our country in a mess. It passed and the Federal government did not shut down.

The next bill they needed to pass was to stop the fraud, waste and abuse from happening again—the stuff that DOGE had found—and to allow the changes President Trump had made in Executive Orders to remain.<sup>1</sup> Well, that same guy from New York cried again. Only this time it was because the Senate had allowed the debt ceiling to be raised trillions. In other words, the same money they took away, they put back.

Your head can spin with these guys because one minute they're lying to keep the money and the next to complain and possibly lie about more money. Let's take a look at some modern-day perspectives concerning all of this. Then, I want to look at it from a biblical perspective like the Holy Spirit shared with me one night back in January or February.

<sup>1</sup> These two links will be good for 2 years. They link to current savings DOGE has found as a result of waste, fraud and abuse. They will only become permanent if they make DOGE a permanent entity. Many presidents have engaged a special government employee or envoy to enact their agenda. Obama did it, Bush did it, and many others. DOGE is a special envoy for Trump and can only remain for 130 or so days. Here are the links: < <https://doge.gov/savings> >< <https://dogetracker.com> >

## *Lies, Lies, and More Lies*

Many credit Clinton as the first president in 38 years of spending, to stop overspending and create a surplus. But it was actually the Republican Congress under Newt Gingrich that should get the credit.<sup>2</sup> Obama was the first to spend and deficit the country by an amount over what it took to run the country for almost 240 years. A dollar in 1776 is now worth \$36.28.<sup>3</sup> Inflation exists because the government overspends. In almost four years' time Biden over spent \$11 trillion dollars worth of your money. So when the Congressman from New York gets to a microphone and spouts how horrible it is for the present president and Republicans in the present Congress to cut \$4 trillion dollars from a budget that has been over spent by \$11 trillion dollars, please take this with less than a grain of salt.<sup>4</sup> No benefits to Social Security, Medicare or Medicaid will be cut. Only waste, fraud and abuse is cut. Now that's refreshing.

They say we may have money to put in a newly created "National Sovereign Wealth Fund."<sup>5</sup> I think the first savings should pay down the debt and go into building new ships and defense mechanisms— after the Pentagon passes its audit; which, by the way hasn't happened since they were mandated by Congress to do so in 2018. That's the carrot I would use— pass an audit and get trillions to build ships and other items needed for the defense of the nation at home and worldwide. Recently, it was uncovered that the military redirected millions that were collected from soldier's pay for food services and sent somewhere else.<sup>6</sup> It's unlikely any citizen in their right mind would turn over a trillion to an institution that can't account for "mere" millions.

Besides the incompetence and waste, we have outright fraud going on. People do not realize America is on the cusp of bankruptcy. Biden added over 5 million new Social Security numbers, the bulk of which were given to illegal aliens.<sup>7</sup> You may not think this is a problem, but this depletes our Social Security fund even quicker, as well as qualifying these people to vote. You add that many new voters, all voting for one party, and you shift the nation to socialist by voting for the Democrats, who are socialists. I wasn't sure the Lord would ever confirm the word He gave me to write as a book. In 2016-2017, I published that word entitled "70 Years of American Captivity: The Polity of God, The Birth of a Nation and The Betrayal of Government."<sup>8</sup>

You may not realize this, but in four short years the Biden Administration was able to turn our economy from capitalism thru private and corporate driven funding to a government-driven economy where the citizens never benefit. Government in this kind of economy is just like you see in China and Russia and other communistic economies. Citizens are not there to benefit. Citizens exist to serve the government. This is the real reason why everything is so expensive. This is the reason why fuel, groceries and housing have become unaffordable. Footnote 7 confirms what Biden had done in four short years.<sup>9</sup> By giving that many illegals Social Security numbers, the country never would have been able to remove itself from the corrupt clutches of socialism. We most certainly would have gone straight into 70 years of captivity. But this is not the only fraud, waste and abuse that has gone on.

In four short years our employees in the Federal government run with 4.6 million federal credit cards for 2.2 million employees. Somebody is

paying for a lot of lunches. Then there's the screaming going on that we are messing with our veterans. The previous administration added millions of dollars to hire people at the Veterans Administration, and the wait time went from 40,000 on a waiting list to over 200,000! Are you kidding me? So hiring more didn't fix the problem? Well, fire them. So Trump fired 1,400 new hires.

There's a lie out there that we bring in immigrants to make us work better. Well, that's not true. I might have these exact numbers wrong but if I remember correctly, Sweden brought in 361 or so immigrants from Gaza in the 1950s and just recently discovered that they are not assimilating and not working better than native-born Swedes. 64% of them, including their children have committed a crime. I wrote an article in 2023 with a footnote that there is a study done where the lie is exposed that immigrants come in and work hard and make the country work better. It's a total lie, they don't work any where near as hard. In fact, when they get here, they find out how hard it is to live here and instead of them making us better, they come up to where we are in hard work. We are the ones who make them better, not the other way around.<sup>10</sup>

Biden jumped through hoops to bring in unprecedented numbers of illegals by changing the CPB-1 app that Trump 45 created to stop illegals. Biden changed it in order to create an open border. There are billions of our Federal dollars we will never get back because the Biden Administration made them untraceable.<sup>11</sup> Have you ever heard how the Biden Administration banned Jews? Of course not; but they did. They enacted a Jew ban.<sup>12</sup> So much for equity. In fact, the Biden

I had many articles to search through that the ministry published. I decided to try to look for the study online. I entered the statement into my search engine. I spent 10 pages of search engine results, only to find every single one on the subject was extensively liberal. Furthermore, I found many that I knew to be false, but they were there anyway. Approximately 50-100 sites, and all of them were lies. You cannot trust what's online, unless you know the source. It has gotten that bad.

Administration allowed the smugglers to advertise illegal border crossings on TikTok for many other nationalities.<sup>13</sup>

You've heard the whopper that tariffs raise inflation? These two links in the following footnote ought to clear that up.<sup>14</sup> Remember, it took the Biden Administration four short years to take America captive.<sup>15</sup> He did it through a combination of methods. While he made repeated statements before his senility that he was not a socialist, once his staff realized how far off the deep-end his senility was, they went about to enact socialist changes within the government, thereby making it easier to hold American citizenry captive. I doubt he realized he signed half of the Autopen his staff used in placing his signature on documents.<sup>16</sup> They sold America out quite quickly. When you bring in cheap stuff and sell out American jobs and job creators, you bring captivity into a nation.<sup>17</sup>

## *Modern-Day Captivity*

There is a reason why our Founders place religious freedoms first, along with freedom of speech. When you mess with religious freedoms, you mess with freedom of speech. When you do that, any attack on liberty can be made. Did you know that Germans cannot insult their politicians? Did you know that they made it a law in England that you can't pray, even silently within a certain distance of an abortion clinic?<sup>18</sup> If your home is within a specific distance from an abortion clinic, you can't even pray in your own home concerning abortion.

Once you take away religious freedom, you take away freedom of speech. Don't forget the goodies Democrats try to "give away". Remember that it's your money they are giving away! The Green New Deal becomes a government controlled economy. Obama took over \$700 Billion from Medicare money which then became Obamacare. What is that? That is government controlled healthcare. This is what they do. Commies say they want to become socialists. But the reality is that communism is socialism's baby. They always look for stepping stones to take over the country. First it's chaos to create a fight between economic or cultural groups. If money can't create hatred, then they look closely at society to see where they can install a wedge. In America they opted for black and white. Don't forget the Biden ban on Jews. His Administration decided to get control in one shot. Use illegal aliens to create the wedge and then make sure, as he did with his deal with Venezuela's Maduro, to bring in criminals like Tren De Aragua to create a violent atmosphere for fear. These ideologies must ruin individualism, ruin institutions that champion liberty and freedom.<sup>19</sup>

When people feel their individual liberties are trashed, they turn to institutions like churches and their political parties that champion their freedoms. Sad to say, but usually they find that government structures,

like the democrats socialism or even communistic advocates within the government use the law against freedom proponents and use the law to undo liberty and justice. If they can't use the law immediately, they will go quietly into the schools and start to lower standards. Once those standards are dropped, they then pollute young minds that freedom and liberty is bad. Because the students have no understanding of laws or policies promoting the healthy systems of freedom and liberty, they will literally start to promote the socialists' policies. This is because they know nothing of God's word and nothing of the Declaration of Independence or the American Constitution or Bill of Rights. It's sad, but this is where America is right now.

Colleges have been indoctrinating students for thirty or more years. This is why we're seeing the protests. They know nothing of capitalism's economic freedoms and how it works. They know nothing of our three governing documents. They know nothing of the literacy involved in understanding the Bible. This was the earliest literacy taught in our schools in early America. From there, it becomes easy to understand laws of freedom and liberty seen within our three founding legal documents. Once you have a grasp on those basic literacy qualifiers, capitalistic economic policies are easy to grasp.

Joe Biden created an economic environment where the government became half of our income as soon as he got into office with his first congressional law. Once that happened, we become a socialistic economy. He then brought in cultural incentives to undermine freedom and liberties. He did that to bankrupt the United States. Once he left, and the books were opened, an honest administration proved the waste, fraud and abuse, and an honest media told this reality to the public.<sup>20</sup> Hey, we all knew something screwy was going on, we just couldn't prove it. Unfortunately, ABC, NBC, CNN, PBS, FOX, CBS among others are not honest. They rarely tell the public what is going on. I don't think I'm exaggerating when I say Trump has held about fifty, sixty or more public interviews with the press. Have you seen the totality of **ONE** on any of

---

<sup>20</sup> See Newsmax2 CENSORED! Losing Our First Freedoms.

the legacy media? I've seen almost all of them on the TV news channels I watch. I haven't see one on the legacy media— not one.

Today, dishonesty among legacy media is rampant. Take for example the Russia, Russia, Russia hoax. During that time all the major medias outright lied about the connection between the conservative, Donald Trump and his relation to Russia— or what turned out to be his non-relationship with that country. They even told the same lie concerning his son by the same first name, Donald, Jr.

### *Turning the Tide in the Natural*

Citizens of the United States have two recourses. One is in the natural, and that is to vote— or get involved in politics. When the vote becomes corrupted, the country is in real trouble. This is the tipping point for many a faithful soul to become involved. In 2024, the citizens elected a conservative. Electing a conservative is not enough though. You have to elect one that realizes the full fraud being foisted upon the citizenry.

The Trump Administration is working at a breakneck speed to turn it back into a capitalist system. But let's say this new administration is stalled by leftist courts. We are praying that does not happen, BUT what if people don't realize how bad it is and the democrats get back in? If your info and personal life is out there, if or when the communists get back in, you may very well be some of the first to be exposed to government control.<sup>21</sup> This is how close things are. The socialists are trying to introduce doubt and a scandal into the second Trump term, as they did with the Russian hoax in the first term.

Signal is a VPN of sorts, run by a Left-wing corporate head. It can be downloaded for free on most devices. The Biden Administration put government workers on it. It would take 3 articles to look at the pros and cons of that move. But one thing I can tell you is that it made for an easy

---

<sup>21</sup> <https://www.foxbusiness.com/politics/meta-undermined-us-national-security-whistleblower-testify>

“non-scandal.” On March 11, 2025, some cabinet members and some of their staff held an unclassified discussion about the Houthis, using Signal. In fact, they were told to use it and it was installed on their government, as well as some private devices. One of the staffers added the most left-wing reporter out there by the name of Jeffry Goldberg to the discussion. If you start receiving texts about a conversation from people you don’t know, wouldn’t you let them know you’ve been texted by mistake? It took him thirteen days to notify the White House. That was on March 24, 2025. Two hours later he publishes an article exposing everything he heard— or what he felt was unclassified. I can tell you plainly that it takes longer than two hours to list unclassified details of texts you’ve received for thirteen days. Publishing his article was decided long ago, and it had to be written at least a day or more before that. It would take me a week.

Two staffers—so far— have been fired. This is not a scandal. That Biden’s staff used Autopen in his name is a real scandal. What Biden did in leaving Afghanistan, where thirteen military members were killed, is a real scandal. What Biden did with Venezuela’s Maduro to let Tren De Aragua into the country is a real scandal. How Biden allowed at least 5 million illegals on the Social Security rolls, to collect money and vote is a real scandal. Did you hear about any of them before Biden left office? We are so close to being taken over by communists. This is not hyperbole. I’ve listened to these people protesting, and what they are saying is frightening. They want all republicans dead. They say if republicans cannot be stopped that way, then they want the total defeat of reinstating a private and corporate driven economy. You can watch what they are saying through conservative news organizations.

Watch news like NTD (Epoch Times) or NewsMax. These are all TV news organizations. Do your research and be careful. I know many think I’m distorting the truth. I wish I was doing that. We are so close to collapse under the democrats. They need the economy to collapse so they can go from a quiet takeover to an open takeover under the guise of bringing the country to a supposedly stable society. It’s a lie and that lie

is being uncovered, hence the protests and litigation to stop the return to citizen normalcy.

### *A Spiritual Solution*

Enough of looking at waste, fraud and abuse through any form of lying by government officials. Let's look at the weapons we have to stop it in the spiritual realm. You might ask, is that possible; and more particularly, why should it matter?

Here's the sensing of the matter I received from the Lord. Judge for yourself if it matters. When the devil lies to you, he doesn't do it for no reason at all. He does it to make you feel like a buffoon. He does it so you think you can't possibly stop the lies and he does it to make sure you never fulfill the reason you were put on this green earth for. He does not want you feeling successful. He does not want you to think you can help anyone. He does it so you think you have no choice in accomplishing anything. And he does it particularly so you never reach out to Jesus for help. After all, if you're so "bad" why should you bother an Almighty, Awesome God? It's a rabbit hole he wants you to go down so you live subservient to lies and fears.

Matthew 4:1-11 says this:

“ Then was Jesus led up of the Spirit into the wilderness to be tempted of the devil. And when he had fasted forty days and forty nights, he was afterward an hungred. And when the tempter came to him, he said, If thou be the Son of God, command that these stones be made bread. But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God. Then the devil taketh him up into the holy city, and setteth him on a pinnacle of the temple, And saith unto him, If thou be the Son of God, cast thyself down: for it is written, He shall give his angels charge concerning thee: and in their hands they shall bear thee up, lest at any time thou dash thy foot against a stone. Jesus said unto him, It is written again, Thou shalt not tempt the Lord thy God. Again, the devil taketh him up into an

exceeding high mountain, and sheweth him all the kingdoms of the world, and the glory of them; And saith unto him, All these things will I give thee, if thou wilt fall down and worship me. Then saith Jesus unto him, Get thee hence, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve. Then the devil leaveth him, and, behold, angels came and ministered unto him.”

The devil came to Jesus after he was fasting 40 days & nights: The lesser always comes to the Greater. Even to talk to Jesus, the devil has to humble himself. It was quite painful. Why? Well, because.....

Hebrews 4:12-13: “For the word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart. Neither is there any creature that is not manifest in his sight: but all things are naked and opened unto the eyes of him with whom we have to do.”

The devil was exposed and pierced asunder. Even in Jesus’ “weakened state” as a human, He is the Word of God and the two-edged sword of His word became painful to the enemy as he was exposed. Psalm 119:105 says this: “Thy word is a lamp unto my feet and a light unto my path.” The devil does not want his feet exposed to the light and he can’t tolerate the fiery light of the living God exposing his paths because his paths are death and destruction. It reminds him constantly of what is awaiting him. Remember that .... Isaiah 40:8: “The grass withereth; the flower fadeth: but the word of our God shall stand forever.” Any contact with the Living Word reminds him forever of his fate.

So, why mention this? Because it is our salvation, our Love and a fiery weapon that evil cannot overcome. This weapon, given to the family of God—the saints of the Most High—proves they are elevated above satan. It is not about us, but about Jesus: the All Lovely and Ever Faithful Word of God. He is the One who elevates us into His family. Our Elder Brother and King Eternal: Jesus Christ of Nazareth gives us a place at His side because of what He did on the cross. He secures us and

lifts us up. Psalm 139:9-10 says that no one can escape the awesome word of God.

With the understanding of this weapon, satan is defeated. You can't lose with the word of God. You can't lose because the Holy Spirit will always expose the lie. You simply cannot lose. Ephesians 5:13-14: "But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light." The enemy does not want lies exposed or to have God's word and light expose them. Then you will know the truth, and the truth shall set you free.

The truth of our salvation is that Jesus Christ died, was buried and has risen. This is the awesome truth of Easter. Our Easter truth exposes all lies, yes even the lies that politicians tell! If you have never asked Jesus to come into your heart, I encourage you to settle that matter today. Just repent of your sin, and pray. Tell Father God that you believe Jesus died, was buried and rose from the grave. Ask Him to forgive you of your sin and ask Him to come into your heart and be your guide, your friend and your everything. Romans 10:9-10 tells you that you're now saved. Pick up a Bible and start reading. Don't forget to read the Gospel of John first. And have a Blessed Resurrection Sunday.
