

EYE OF THE LORD IN CURRENT EVENTS

For those of you who have never prayed with this ministry or understand what we are about, this page may seem strange to you. It is an intercessory prayer page. Our Lord has an eye in prayer which we, as humans, do not have unless He gives it to us. This page, as it updates, will share items to pray for, which we may know nothing about yet.

For those of you who are not Christian and you landed on this page, click on the 'Jesus' Tab at the bottom of this page. That page will help you more than this page will. Click on the Prayer Request/Contact Us button and we can pray with and for you.

As you can read in the Feature Article, the Lord gave Pastor the "Shift" word last October (2025), but it wasn't published on the website until Thursday, February 26, 2026. So when you read the articles, you will see a "disconnect" between them and these prayer articles in that regard. These Prayer Articles have been published in early March, while the Feature Article was re-published in late February from words the Lord gave in 2003.

At first we had decided to keep our prayer requests before the Lord in-house, while giving those who are on our text list the ability to pray with those of us who do so in-house. That decision had been made because this war with Iran was or is supposed to be over within a matter of months. As the days have gone on, though, we felt it was important to help those of you who have no idea how to pray, the ability to see why or how we pray. Many don't know how or why we arrive at the decisions for prayer requests before the Lord like we do.

On the "Prayer Lesson" page, you will see the evidence that we received for why we made the decisions we did for the requests written below. I'm not going to type them out here since they really belong on a "lesson" type of page. So below you will see some of the prayer requests

we have below, and on the “Prayer Lesson” page you will see the reasoning for the requests.

Quite often, as you mature in your Christianity, or spend time with the Holy Spirit, you learn what and how to pray. Sometimes, He does not tell you exactly why you are praying the way you are, but there is always a peace as you do so. I am not one who drones on and on about a prayer request before the Lord. That’s because I would rather hear Him speak as opposed to me speaking. So my prayer requests follow a rule: Short and sweet. You will read the requests below with no reasoning as to why we are praying the way we are. If you want those reasonings, head on over to the “Prayer Lessons” article/tab and view them there. Lastly, we are not telling you how or what exactly to pray, but just giving you a basic format for prayer. If you feel the need to pray in addition to the thoughts we have written here, please pray however the Holy Spirit is leading you to.

Pray For the Families of the Dead

At this time we have information on six dead US Military Personnel. We do not have information on all the other dead from all over the region: Innocent Iranians, Israelites, non-military Americans, as well as so many others from all the other countries that have been hit by Iranian ordinance. Here you will see a photo with the names and faces of those six. We are praying for the families and not those who died because praying for the dead is not biblical. Their choices were made for or against Jesus before they died. That choice will matter whether heaven or hell is their future home. Praying for their families and those affected by their deaths here on Earth is the only effective request made before the Lord.

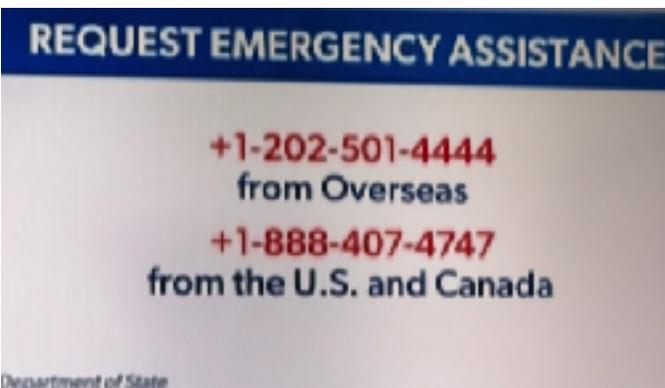

First and foremost we pray that if they do not know Jesus now and have never accepted Him as Lord and Savior, we pray that they accept Him and invite Him to come into their hearts. We pray that the Lord will send

people to share Christ with them. Next, we pray for their finances concerning their death events because it costs money to bury, celebrate and take care of events for the dead after they have died. For those with children, we separate them out since losing a parent has far-reaching life concerns from childhood to adulthood, and beyond. Lastly, we pray for their loved one's needs and ease as they accomplish all the issues which come up that their deaths have caused.

Those Entering or Exiting the Military Theater

Here you will see information which has been shared by news agencies for those trying to travel in or out of the military targeting areas to receive help in that travel. Early on it was reported that help was not coming, but as time has progressed, the State Department has issued this information to help in that regard. It is here so we can pray for those coming and going as they need to.

Obviously, we have no first-hand information that can help anyone. We place it here only and solely for those we can pray for. There are other ways that have been reported for these folks to get in and out of the area other than the US Federal Government. So we are praying for their travels as they see fit and as we hear from the Holy Spirit. It is quite dangerous to be traveling in to and out of the area, especially as Americans. So we pray for their safe travel, whatever method the Lord brings before them.

Flow of Fuel and Gas Prices

The United States gets very little (7%-8%)¹ of its fuel from the Strait of Hormuz. Europe gets

¹ <https://energynewsbeat.co/hormuz-dependency-by-country-a-critical-energy-chokepoint-under-scrutiny>

anywhere between ten and twenty percent.² The Asian markets get quite a bit of their nation's needs from this area. We placed a map here so you can see what it looks like. The Iranians have made statements that they will close the feature to prevent oil from flowing into and out of the Persian Gulf to the west, the Gulf of Oman, and the Arabian Sea to the southeast. The US has made statements that it will travel with oil/LNG shipments to protect them. We have already destroyed a large ship that was carrying drones and destroyed other means the Iranians were using to threaten commerce in this area. Nevertheless, this type of disruption will always cause the costs to fluctuate.

We encourage you to pray as the Holy Spirit leads you, but we are praying that these prices can fall and that the Lord opens up other ways that we know nothing of to supply oil. We pray that our military is successful in traveling with the ships so there are no disruptions to and from their targeted destinations. Ultimately, we pray for this mission to be over sooner rather than later and for the US and Israel to achieve mission success as soon as possible.

Mission Success

Each government has its own definition for mission success. If you've been listening to the news, we have heard a few items from the White House, the State Department and the Department of War. Obviously, we don't have all the information needed to pray when it comes to the success of this mission. But we do have a few things the Lord has shown us.

First, the connection between socialists, communists and Islamists, particularly Shiites, is quite strong. One only need to look at Minnesota and the riots there to see the connection. The Democrat party turned the other way as the Islamists raided the money that was supposed to be spent on our citizens, to the tune of \$9 Billion— and that's the low estimates. There are those who say it is upwards of \$18 Billion. Once the fraud allegations became loud, the socialist-communists came out into

² Ibid.

the streets to go after our Federal law enforcement that had come to remove the illegals. Minnesota prides itself as a sanctuary state. To be clear, most sanctuary states are ripe with criminals. So they were able to change the narrative and shift it to blaming the victims— Federal, state and all American citizens. Do some digging and finding the truth will be easy, if you dig. News organizations like Breitbart, Epoch Times, Newsmax, NTD, OANN, and others explain the news in truthful terms. These are conservative. Avoid ABC, CBS, CNN and NBC. Not only do they refuse to tell the whole truth, but the negativity is overwhelming. I would add Fox News here. The leadership has changed and they have also become unreliable.

Why put this here as a prayer request? Because America needs to know truth. If you knew how badly Democrats are in bed with communism, you would never vote democrat again. We need to understand how we have been infiltrated and what the desired end result for the Islamists, and communists like Russia and China are: what end they want to achieve for America. So pray for the exposure of our infiltration so we can survive with our freedoms and liberties in tact.

Military

I won't explain the proof in-depth here, but it was only a matter of weeks before the ayatollahs in Iran would have been capable of controlling the whole Middle East through the use of missiles. This was their goal. Once that capability was achieved, expansion for control would have reached Europe and the United States quite quickly. It would have been near impossible— at least exceptionally difficult without the extensive loss of life to stop them. Trump had to go in. I do not know why the Administration did not spell it out. From what I've been able to discern, they felt this was top secret.³

I find it amazing how illiterate many Americans are to what's going on in the real world. Some say it's because we spend too much time in the fake internet world. I have no argument against that. I do think we trust the wrong sources for our information. When we trust in Jesus and follow the Holy Spirit, we find out things our media will never allow us to know. To find the truth, sometimes you have to dig. That's why I listed some truthful media. So what does our military need to succeed? They need planning, equipment and good soldiers. They also need support at home. It is beyond treason that we have Democrats in Congress who refused to vote for the reality that the current leadership still in Iran is terroristic. I will explain those facts on the prayer lesson's page. All I can do is to tell you it is a reality and they have shouted "Death to America" for 47 years.

Our military needs operational success to take out Iranian missiles, the Shiite leadership— from their ayatollahs, guardsmen and finally, to their police. Those groups have killed somewhere near 30,000 or more of their own citizens as they protested to have these Islamists removed from their government.

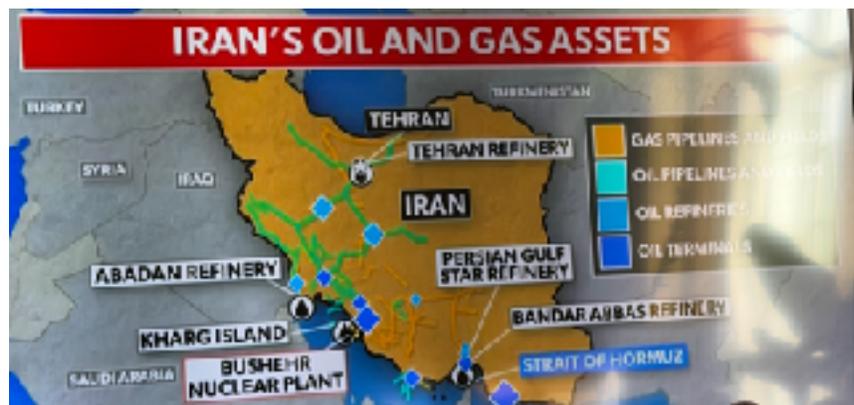

We pray for the destruction or for the operational surrender of their military, located on the bases in this graphic:

Next, we pray that these nuclear bases that have been targeted by our military stay offline, and any others not targeted, become exposed and successfully targeted by our military.

We also pray that their oil and gas refinery and infrastructure is unconditionally surrendered to the new non-religious Iranian government. Here are some of those sites:

We pray that all of the Israeli and American missions are totally successful and that all operational needs are met quickly. We also pray for the innocent Iranians, not connected to this religious regime, that they take their governmental institutions back. That those willing to go in on the ground are also successful in taking their government back.

We pray for our own troops and the protection of the ships and other assets there. Here are two graphics so you can pray for them by name:

We also pray for the countries that have come into this military theater, that we remain united and that peace is instilled in their own nations because the Shiite leadership in Iran has been replaced by secular leadership, which will allow Christian as well as other peaceful religions to be a part of their own national leadership. Here is a graph naming them:

When you read about Cyprus, it is the UK who controls that base. They are now saying that they support US operations.

Support

We have already shared with you the need for support here in the US. I have always felt that our media has been derelict in their duty to tell the truth. They have refused to share why South America is so important and refused to share why missiles from Iran were coming soon, making their nuclear capabilities to hit the US imminent. The US must finish taking out their navy, weapons, missiles, air force and religious leadership.

The Abraham Accords brought together many countries in the Middle East through economic benefits. It was a game changer. Iran would have been isolated to irrelevance. Just before Saudi Arabia became a player inside the Abraham Accords and started to work with Israel, Iran launched Hamas on October 7, 2023. Hezbollah and the Houthi's became emboldened in their attempts to ruin Israel and launch attacks against the shipping supply chains. This is another peg in China's belt and road activity.

We pray for the success of the West and for money shifts from London and other globalists. On the prayer lesson page you will see that this "western" London group has made quite a bit of money from Iran's terrorist activities. They are playing both sides. For 47 years the world has been made to worry about this terrorist nation and its allies in terrorism. It is time that these efforts stop. It is time for real peace to take place. I'm not saying it will last forever. I'm not saying that we won't see the anti-Christ at some point in time.

I'm not saying that wars and rumors of wars will not continue. But what we can do now is to pray for what Jesus wants us to do now. How do I know that Jesus wants us to pray for peace? Because His Name is The Prince of Peace. He doesn't want to see more weaponry to kill more people. He wants us to know what it is to have the Bible share a peaceful culture. We don't need Sharia Law in any way, shape or form to try to gain a beachhead in our nation. We've got to stop that madness before it takes over.

Many Democrats brought millions of illegal aliens into our country. They do not want to assimilate and they do not love America, except what they can steal from her and her citizens. Their idea of moderation is a candidate running for a congressional seat from Texas named James Talarico who says that God is binary and that we need to support trans-Texans so they can receive abortions.

We love sharing Christ's love and the gospel. What we cannot do is allow lies and insanity to gain a stronghold in our governing bodies. We cannot allow criminal and illegal behavior to be rewarded. We cannot

allow treasonous and corrupt politicians the control they need to rob America's citizens blind. We have to expose them. Praying as we need to pray to expose this criminal corruption so our own citizens can make intelligent decisions when they vote is critical.

How do I know that Democrats don't care about Americans? President Trump asked those who wanted to protect America's citizens stand at the State of the Union. I may be wrong about this, but I don't think one single Democrat stood up. Maybe Senator Fetterman did, but I don't think one single Democrat did stand up. One of the most important Federal departments that protect the American citizen is the Department of Homeland Security. The Democrats are blocking DHS from being funded. "Officers sleep in their cars at airports, selling blood and plasma and taking on second jobs...."⁴

Can you imagine having to do that because your employer refused to pay you and forced you to work for nothing? The only way to stop this travesty and protect American citizens is to vote for politicians that say they will support American citizens and do the jobs they were sent to Washington to do. You can't believe a word the legacy media says and you can't believe a word the Democrats say.

This may surprise you, but I had been a democrat voter many decades ago. I decided to do some research as to who I was voting for. I realized quite quickly that they were communist. I realize they shouted they were socialists, but it became obvious that there was a shift going on within the Democrat Party. They were becoming radical and the end result of their policies was communism. Think about that. If you know nothing about what it is like to live in China, do some research. You will start praying for America's protection by voting these democrats out of office. Open your eyes and listen to the Holy Spirit. Pray as He asks you to.

Head over to the 'Prayer Lessons' page sometime around March 15, 2026. It should be posted by then.

⁴ Senator Katie Britt, (R) Alabama. Comments heard on 3/7/26.
