

## THE GIFT OF FATHER GOD'S LOVE, EVEN THROUGH WARFARE

*By Rev. Chris Meier*

In today's America there are those who don't want to know what is coming or anything negative about what might be happening in our world. I've had two people ask me not to share such things. One, about ten years ago and the other about a year and a half ago. So, let me share one of my favorite Easter words the Lord gave me. You can access it here, on this site from our Archives Tab. Here is that direct link: < <https://img1.wsimg.com/blobby/go/135635f1-e123-4441-9175-cbcd94571b26/downloads/April-May23.pdf?ver=1704471288133> >

You can copy and paste the above link. I pray that article blesses you throughout the Easter season. It blessed me as I was writing it. Now, let me be clear, if you read on any further, I will be sharing a recent word the Lord gave me. If you don't want to read anything about possible warfare and the United States, please stop reading now. If, for some unforeseen reason the link above to my favorite Easter sermon does not work, you can go to the Archive's Tab on this website and scroll down to the link for 'April-May23'. Click on it and it will take you directly to the article mentioned above.

### *A Gift*

We have been studying the gifts God has given mankind. The Lord gave me a Scripture verse in order to prove that He does speak and He will show us what is to come in the future. John 16:7-14 says this: "Nevertheless I tell you the truth; It is expedient for you that I go away: for if I go not away, the Comforter will not come unto you; but if I depart, I will send him unto you. And when he is come, he will reprove the world of sin, and of righteousness, and of judgment: Of sin, because they believe not on me; Of righteousness, because I go to my Father, and ye see me no more; Of judgment, because the prince of this world is judged. I have yet many things to say unto you, but ye cannot bear them

now. **Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will shew you things to come.** He shall glorify me: for he shall receive of mine, and shall shew it unto you.”

Many have spiritualized this portion of Scripture; it should not be. It is exactly as the word says: the Spirit of truth will guide us into *all* truth. Truth is not selective. We need to know truth about Jesus and we need to know truth about what is going on in this world. If, in fact, a war is afoot, that is a truth we need to know about. It is not something we should hide from. And yet, knowing the truth about Jesus and how He cares for us will also help us deal with truth about the future, even if that may entail war. As mentioned, we’ve been studying the gifts Father, God, has given us because of Jesus’ sacrifice. If we so choose to invite Jesus in, we all have the potential to receive awesome gifts from Father, God. The first of His many gifts allows the Holy Spirit to reside inside of mankind. It is a great gift to be able to prepare for things ahead of time. I hope you receive this information as a gift. Head on over to the ‘Intercessor’ and/or ‘Prayer Lessons’ Tabs to read more on our prayer to avert war for as long as possible.

### *A History Lesson*

My husband and I rarely watch the regular news except for our local weather. That’s because we are being lied to in monumental ways and we prefer to ignore the lies. I won’t go into all of the ways we are being manipulated by those lies, except one. We are not being told of the extreme danger we are in because of China. China has stolen every single bit of technology we have developed. They have used that technology to build a huge army. They have used that technology to create a police state. We have no knowledge or understanding of what that looks like. Let me share it with you. You must carry a cellphone in China. On that phone you are given a rating. That rating shows whether you can drive a car, board a plane, bus or train. That rating shows whether you can live in a house or apartment.

When you walk on the street your facial features are registered with the police state in China. That is for citizens and non-citizens alike. No foreign business is allowed to buy land. No business in China can conduct operations without giving every single piece of its product, technical plans and day-to-day operations to the police state of China. That goes for foreign as well as Chinese companies. The police state knows where you are and what you are doing at all times.

### ***Religious History***

Like many on the Asian continent, Buddhism was their preferred religion. When foreigners came to China they brought Christianity with them. At this point in time, the communist police state considers the cross an illegal object. Churches have been torn down and Christians are arrested. Many have already died by forced organ harvesting. They have long been considered prisoners of conscience, and as such, used for that practice.<sup>1</sup> Since the communists have already dealt with the Christians over many decades, they turned their attention to another group of ethnic people called the Uyghurs. Uyghurs are mainly Muslim and descend from what was formally Mongolian regions and Turkic areas, now engulfed by communist China.

The communists in China have long desired to erase the history of the Mongols. To be fair, the Mongols were a scourge in Asia. They overtook Asia and Asia Minor for three centuries. What we know as Korea and various Chinese dynasties fought them for that long. Since the communists have taken over, they have imprisoned and murdered many of them. They keep the part of China where the Uyghurs live as concentration camps. These are forced labor places where they make the world's products for sale. The men and women are forced to work as slave labor. This is why any product you buy from China is cheap. My husband shared this information with a friend recently and the man could not believe his ears. He had no idea this was going on. I'm not

---

<sup>1</sup> <https://www.chinaorganharvest.org/report/findings/executive-summary>

going to give many footnotes for that. That's because it's such common knowledge you can find it on any search engine of your choice.

Forcing them into slave labor is not enough, though. When the population becomes too large or more organs are needed for transplantation, they do what they did to the Christians. They kill them off by harvesting their organs. From the 1950s through to the 1990s, the practice of organ harvesting became a lucrative business. Not too long ago I was talking with someone in their twenties who thought I was making that up. He was shocked after he found many search engine results.

As you can imagine, if you do such a thing to a population, you are going to get less of that population. After decimating Christians and Uyghurs, by the late 1990s, they needed more organs. That's when they turned to another group called Falun Gong. These are a Buddhist cult. They live by three tenets. One of those tenets is truthfulness. I feel sorry for this group because they work so hard to attain whatever peace they seek, when Jesus gives it to us freely. But that's another topic entirely. This group has a large news network worldwide called Epoch Times and NTD News.

Their news reporting is excellent because of that tenet of truthfulness they live by. They will report on a topic until the truth is revealed. I usually don't recommend them, not because they are not excellent reporters, but because of the spirit controlling them. I was speaking to an intercessor a few years back and we got on the topic of the Epoch Times. She spoke the old adage: "The enemy of my enemy is my friend." In the case of Falun Gong that is quite true. Unfortunately, I have seen the demonic host that controls them. It is sad to know this for a fact, because many members of this group are quite lovely people. If you are a strong Christian and know the voice of our Lord and the Holy Spirit, reading their news or watching it should not be a problem. If you are not aware of the Holy Spirit's presence and you do not have a relationship with Jesus, stay clear of them. The demon that controls them is quite subtle.

Having said that, I feel for them in other ways. Once the communists ran out of Christians to persecute and have a population control of death and slavery within the Uyghurs, they needed another source of profit. Enter Falun Gong. Because they are a Buddhist cult, their lifestyle and eating habits are excellent. Unlike Christians, they take care of their bodies. Unfortunately, this makes them a perfect candidate for organ harvesting.

The Falun Gong cult practice of meditation and yoga exercise became quite popular on the Asian hemisphere by the late nineties. The Buddhist's cult numbers grew into the millions. This could not be tolerated by the communists. The communists have rounded them up in large numbers. I may be mistaken about this, but at first it was to send them to re-education camps. Whatever the CCP's initial intentions, when the "re-education" was not as successful as the communists hoped for, they were sent for organ harvesting. They have died by the thousands. It's not enough that they perform unwanted surgeries; Chinese police states have invaded other countries where they seek out former nationals in order to send them back to the homeland. Many disappear, usually without a trace.<sup>2</sup>

### *Today's Warfare*

Today, communists round up any religion. People disappear regularly. As I said, you can search this out. You will find many groups, especially in England that have documented the organ harvesting. So with this understanding as a back drop, let me share what various organizations have reported as Communist China's real desire. For brevity's sake, I will just write the CCP because that's their nomenclature. China's warfare motto is death by a thousand cuts. You may not notice one or two cuts, but by the time they are done with you, you're dead.<sup>3</sup> Our greedy American corporations have turned over our technology and

funds to them. The CCP has never governed Taiwan, yet they demand they come under the governmental structure of the CCP.

The agreement the English signed with Hong Kong was being shredded by the CCP beginning in 2017. I remember talk about it lasting 100 years. I looked it up and they agreed to fifty, ending in 2047. By 2020, the CCP implemented laws abandoning the freedoms the city of Hong Kong formerly had. Many in Hong Kong are under the newly minted police state China has enacted since the CCP captured the city.<sup>4</sup> China has been allowed by American leaders to steal our technology, buy our farmland and infiltrate the minds of our youth through many outlets. One is social media. It is quite devastating. If your child has an account on TikTok, cancel it immediately and get them psychological help, either from a pastor or professional to deprogram them.<sup>5</sup>

### *Unrestricted Kinetic Warfare*

Most Americans have no idea that we have been in a state of unrestricted kinetic warfare.<sup>6</sup> What does that mean? Instead of conventional war, where we see soldiers and battlefield weaponry, we are seeing attacks on our economy by demanding US companies that do business in China turn over their technology and products. We saw COVID-19<sup>7</sup> and we are

China has a battle plan where they want to see America fighting on four fronts. Their plan is almost solidified by us spending billions in Ukraine, the Middle East (Israel, Hamas, Hezbollah, Houthis) and Russia grouped with China. China and other foreign countries buy up our land and resources. A nation's farmland and farmers are critical to a country's economy, especially during a war.<sup>9</sup> They have convinced our government that oil and other mineral resources are "polluting". These resources can be made clean to operate in order to provide our military and economy with the cheapest and best supplies. But politicians are obeying China's desires by quietly shutting down the best sources we have for energy.<sup>10</sup>

### ***Buying America's Politicians***

Nowhere has their unconventional or unrestricted kinetic warfare been more damaging than with buying politicians.<sup>11</sup> When it comes to that,

these people have sold us out. Let's just study the Biden Crime Family.<sup>12</sup> Please do not believe the lies mainstream media has told you that Biden has had nothing to do with his brother's or son's business dealings.<sup>13</sup> In fact, the House committee investigating this has uncovered approximately 150 SARs or Suspicious Activity Reports. These are reports that banks send to the Federal government when they suspect some banking activity among accounts are not quite following the law. The Biden family had some 150 or so reports sent. This was the initial basis for the investigations. Those investigations have uncovered quite a bit of actions committed by Biden and family to impeach him.<sup>14</sup>

And then there's the open border. You would have to be in total denial to suggest that Trump's border policies did not keep illegals out of our country. Almost like turning on a spigot when Biden got in, we have been inundated with illegals—and some of the worst have come into the country. We have sleeper cells, “got-a-aways” and young men in military condition by the thousands from China, as well as released prisoners from South American jails.<sup>15</sup>

Many people have wondered how some of these mini-catastrophes we have seen could have taken place. The mainstream media doesn't even report on them any more. I listened for days to the weather on regular channels. I sensed in my spirit I wasn't hearing ALL the news, so I turned on a more faithful channel from the Internet. Imagine my shock

when I discovered that over 300,000 acres of Texas had been burning for days— long before they even began to report it on mainstream media. Maybe that's because the fires are quite close to one of our nuclear weapons facilities. It wasn't until half a million acres had burned that they released the information, of course saying it was only 370,000 acres. The last I heard it was over a million.

Of course that's not mentioning the fires breaking out in large, industrial food facilities, killing livestock and supplies. Then there is the overturned trains, the release of toxic gold sludge into a major river when Obama was in office. I remember reading an article in 2006 when the democrats took over the House that Pelosi wanted to raise the price of food. You see, in order for socialism to take hold, the prices of goods must be exorbitant. It's one of the ways they overtake a good economy. They weren't able to do it back then but they've done a great job now. How interesting that this isn't prevalent during Republican administrations. Coincidence; I think not?<sup>16</sup>

***Billionaires for Socialism:  
The Enforcers of Radical Implementations***

If buying the politicians weren't bad enough, they've got the "billionaires for socialists" on their side. These are the heads of corporations whose sole goal it is to implement Diversity, Equity and Inclusion policies. These are the people who want climate change the noose around your neck, not theirs. Fortunately, there are groups standing up and proving all of these policies are lies.<sup>17</sup> We can thank the doctors who are not afraid to let parents know the dangers of changing the gender of their children, while they are still children! Unfortunately, the money these globalist-corporations have to spend on these lies is immense.

Peruse the footnotes and you will see where one of them gave \$50 million to secure help for Iran. Others go after food by going after farmers. It's common practice in countries where they can get away with it.<sup>18</sup> But in the US they are going after our large appliances by design.<sup>19</sup> We've all noticed how our appliances don't last like they used to years ago. Because they want to save on fuel, electricity and everything else—call it global warming—the machines are far more complicated. This makes them fail at much higher rates. Then there's the tech billionaires who want to destroy capitalism by working with Team China to destroy us. After that's done, they want you to eat bugs for dinner.<sup>20</sup> Unfortunately, all of this might just get too close for comfort for many Americans. Our leaders, knowing the danger China poses to US citizens, allow quite a large segment of the population's retirement accounts to be invested in China.<sup>21</sup>

### *The Violence of Spying Cars*

There is also another concern that even EV makers are talking about. Because of Biden's rush on demanding the American public buy EV cars, a hole in their logic is appearing: Americans don't want EVs. There is a glut of them that nobody wants to buy.<sup>22</sup> They are extremely expensive and useless for long rides because charging stations are not exactly common place. Next, don't try to drive in the winter. They don't

hold up well under freezing and icy conditions, which was made obvious this past winter.<sup>23</sup>

Here's another chapter where China comes in: They can sell electric vehicles at bargain basement prices, outselling and undercutting our own national car makers.<sup>24</sup> Since the CCP underwrites the Chinese car companies, a brand new EV can go as low as \$11,000 and some change. There's one thing everyone would buy, and that's a brand new EV for that price. Of course, that would enable the downfall of the American economy. But a failing economy is the least of our worries. These little gems— or lemons of a car can spy on you, reporting everything back to the CCP. Even Biden realizes there's a problem.<sup>25</sup> Economists as well as tech guys have been warning about the fact that there will be a huge nightmare when Americans in the millions buy these little electric traps and we get into a conventional war with China. The CCP can remotely turn the things off— or worse— blow them up. Can you imagine the chaos on the roads or during a war?<sup>26</sup>

### ***Will the Real Target Please Stand Up!***

I may as well add this here: Have you ever wondered why or even how all these “law-fare” cases against Trump have been able to go forward? I've looked over these cases and it is the opinion of lawyers who know the law way better than I do that they are targeting Trump's money in

illegal ways.<sup>27</sup> It looks like many of these judges and prosecutors are corrupt. These cases remind me of the many different ways Russia goes after opposing political challengers.<sup>28</sup> So why is it being done? Trump is not their final target. Like the Russian system, these socialist-communists are making an example of him. They want to remind you that with them in control, our system is no longer ‘innocent until proven guilty.’ They want you to know that it has changed to the communist-socialist system of ‘show me the man and I will show you the crime.’

They’re letting us know right up front what their intentions are. Why are so many remaining silent? I think it’s because they feel secure in their anonymity. They don’t believe it will affect them. These billions of silent ones are actually taking their cues from these global billionaires. They think if they keep their heads down they will be left alone. Let me ask a question: If they are so evil, willing to silence by the violent removal of hard earned savings, what makes anyone think they can be trusted to leave any American alone? If they are willing to destroy the land that gives freedom lovers around the world hope, what makes anyone think anything they say can be trusted?

### *Is There Hope?*

John 14:1; 12-14 : “Let not your heart be troubled: ye believe in God, believe also in me. Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father. And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son. If ye shall ask any thing in my name, I will do it.”

This may not be a conventional holiday sermon. Instead, it is one where we can see how awesome the land is that God Almighty gave Americans. The Lord has told some of our intercessors that He is allowing things to get so bad in order to open the eyes of the blind and trap the evil doers in their own plot. Whether you believe that or not, now is the time to seek the Lord's face and to know that He is still on the throne and has not abandoned His people. We can see a mirror image in what Israel is going through. The Israeli government was asleep at the switch. The Democrats and half the Republicans in America are openly colluding with the enemy. Both policies invite destruction. Yet God Almighty does not sleep nor does He slumber.

He did something stupendous and awesome when He raised Jesus from the dead. First, Jesus is the Jewish Messiah, come to redeem His people from their sins. He is also our Good Shepherd, able to lead and guide us and protect us. We must depend upon Him now, praying and asking Him to come and help us defeat all these enemies. He is able. I don't know when, but it will look quite intense in the near future. This saying is quite true: You can vote socialism in, but you will need guns to remove it from your land. We are quite close to socialism taking over the nation. First, pray; next, vote and make sure you know what a socialist politician looks like.

While all democrats are socialists, seeing the infiltration on the republican side is not as easy. Within two months of being voted in by conservative Alabamians, a republican by the name of Barry Moore voted with all democrats to deny funds to build the wall Trump wrote into law. Yes, folks, before he left office, Trump made it a law so any president that followed him had to complete the wall at the southern border. Now, a new Congress could overturn that; but what bunch of idiots would do such a thing? Well, Biden and the Democrats did that not long after he sat in the Oval Office. They did not have the numbers and they never would have been able to do that without that one, single republican betrayer. So it's not as easy as one might think to spot such an

individual; but we've got to, and we've got to pray and ask Jesus who we should vote for.

Next, let's all of us make sure that our spiritual houses are in order so that we can all hear the Lord when He speaks. Here's the exciting part of that. I don't have to do anything to make that so, only know Jesus and do what He says. When we read His word, we get closer to Him and become acquainted with Him. We each need to know Him. When we invite Him into our hearts, we have an awesome protective barrier He gives us.

Ephesians 2:4-10: "But God, who is rich in mercy, for his great love wherewith he loved us, Even when we were dead in sins, hath quickened us together with Christ, (by grace ye are saved;) And hath raised us up together, and made us sit together in heavenly places in Christ Jesus: That in the ages to come he might shew the exceeding riches of his grace in his kindness toward us through Christ Jesus. For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast. For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them."

And in Hebrews 1:3, speaking of Jesus: "Who being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high:"

If Jesus is safe and secure at the right hand of the Father in heaven, and we are told that we are seated in heavenly places with Jesus, we are also secure and safe. We need not fear what is going on in the world, just listen and do what He says and trust Him to keep us for Jesus' sake and for the good works that He has ordained for us to walk in. There is no reason to fear. Sometimes God must allow mankind's evil to be exposed and dealt with. Our only concern is if we do not know Jesus; if we have never asked Him into our hearts.

If you have never asked Jesus into your heart, it is quite easy. Romans 10:9-10 says this: “That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.”

Do everything you can to read your Bible. Psalm 119:103-105: “How sweet are thy words unto my taste! yea, sweeter than honey to my mouth! Through thy precepts I get understanding: therefore I hate every false way. Thy word is a lamp unto my feet, and a light unto my path.” Listen to or read sermons that will bring you closer to Jesus.
