

NEW BUILDS

AR Kennedy is not only the home of the **Crowley 36** (from kits to finished boats) - we specialize in the custom design and finish of any hull, pleasure or commercial. Be it a tricked-out sport cruiser (**Wesmac 38** shown below) or a built-to-work inshore lobster boat, we can do it!

REBUILDS & REPOWERS

Did you know that **AR Kennedy** are also experts when it comes to breathing new life into older boats? Recent projects include the complete rebuild/repower of a **Young Brothers 33** and bringing a 50-year-old **Newman 36** (pictured below) into the 21st century!

BOAT TRANSPORT

We all know “shit happens” - and **AR Kennedy** is more than just a reliable, trusted boat hauler. Our background includes years as a marine diesel dealer, dedicated to keeping our commercial customers fishing; we have the expertise to troubleshoot on the spot and keep you and your boat safe!
