To Whom It May Concern,

I am writing this letter to highly recommend Carl Barker and CB Construction. CB Construction successfully renovated office space into a beautifully constructed child care center. CB Construction and its employees were professional, proficient, and accommodating. Construction was completed in a timely manner.

Carl worked closely with my architect and myself to perfect each aspect of the construction. Carl's input was invaluable in our efforts to provide an eco-friendly environment for children.

Please feel free to contact me for further information or to visit the center.

Sincerely,

Jennifer Peck
