**The Happy Paws journey continues and it's always a nice opportunity to reflect on the last six months.**

What a year we have had! There sure have been many twists, turns, ups and downs but whatever happens we all stand firm in the name of animal welfare.

With the incredible support we receive we are continuing to help as many golden retrievers as we can. The charity has many contacts across Turkey now, we are getting alerted very quickly to a golden in need. The sadness is the cruelty they are experiencing which is truly heartbreaking. We are seeing a lot more cruel confinement, starvation, shooting and much worse, but it's our determination to re-address the balance and get them out of their terrible situation that keeps us all focused. This is always a challenge for the team mentally, as seeing such unnecessary cruelty on a daily basis can take its toll. The great thing is we are always here to support each other in difficult times.

On a recent visit with Dominique (one of our Trustees) we were able to see the amazing benefit the charity is making to animal welfare.

The Play Park and training centre looks amazing!! The charity has recently added a large shaded area that provides much needed relief from the hot sun and dry area and when it is raining has made a significant difference.

The charity continues to support all our regular projects – Spay and Neuter, Food and Vets. The main thing we took away from our

visit was how well looked after, cared for and loved our rescues are.

The charity is so grateful for all the kind and continued support for these very important projects.

We continue to welcome more amazing families to our group and it's so wonderful to see them all embracing the joys of rescuing from our wonderful charity.

Our fundraising is going really well and we are continuing to work with a few animal welfare Trusts and working in partnership with them to improve animal welfare has been incredible - building relationships with other like-minded organisations is a real joy and together I feel we are making a difference.

Looking forward into the future the charity will continue to grow and flourish. It will continue to stand strong for the dogs we rescue and set up programmes to support the little ones we can't rescue but we can make their lives worth living. You, our amazing supporters are the backbone of the charity and I would like to send my personal and heartfelt thanks to each and every one of you for joining me on this incredible journey.

Together we have come along way but there is so much still to do

Who knows what the next six months will bring but one thing is for sure I am so grateful that you all are standing with me in the name of animal welfare and together we are rocking it for the rescues.

Lots of love

## MEMORABLE RESCUES

**We were alerted to a puppy farm operation that wanted to offload its sick females! Our anger at this situation was simply off the chain!**

We had to suppress our feelings regarding this as we had to get the girls out and fast.

The Happy Paws rescue machine went into overdrive.

What the team saw at this vile place was nothing more than horrific!

The environment was filthy, cramped and barren - how these greedy breeders sleep at night is beyond me - we managed to get the ones who were in most need out and to safety.

The most vulnerable ones were Angel, Viv and Ava.

Thin, depressed, filthy, exhausted - I could go on.

They had given so much and their little bodies were about to give up!

The team worked hard to make sure they had the very best vet care, comfortable beds and good high protein food. We can now report that they are doing really well.

They have all put on weight and their coats are looking better, they are smiling and are very happy.

This rescue will stay in our hearts for a long time.

These girls are certainly the lucky ones.

It's thanks to your kind and continued support that we can act quickly and save lives xxxxx

## JILLY'S JOURNEY

**Jilly was found dying on the street.**

She was emaciated, depressed and in great pain.

It was found that she had a nasty broken leg - we suspect she had been hit to make her go away!

I seriously despair at how the human race treats animals!

She was taken to an orthopaedic vet who operated on her to repair the damage to her leg.

She recovered well and is now completely ready to join her family x

Jilly's story is so sad - this dear little girl was so let down - but the good thing is our paths crossed and now she has a wonderful future ahead of her xx

## LISA & DOMINIQUE'S TRIP TO THE CENTRE

*The team in Turkey are our family and we love them all*

**This year Dominique and I visited the centre in Turkey.**

It's always an emotional time when we visit but it was great to share the experience together.

On the trip we rescued a few setters, little Minnie Mouse who attached herself to me, and Dominique fell in love with Cinnamon.

I fell big time for a lovely, older boy called Joe. We actually took on another 20 goldens while we were there too!

These trips are very important for the charity, the team in Turkey and all the dogs who need our help x we all hope to go again soon.

*I fell in love with Joe! He touched my heart so was added to our rescue list*

*Dominique fell head over heels in love with Cinnamon*
