### The Happy Paws journey continues and it's always a nice time to reflect and think about what's happened in the last six months.

Well it's certainly been an exciting time for the charity.

We have rescued more lucky golden souls in desperate need of our help, we have welcomed more lovely families to our charity, we have been contacted by more volunteers who would like to get involved in the work we undertake and a few Trusts for animal welfare are hoping to work in partnership with us to expand our vision for the future.

It's simply incredible to see the charity growing in a way we should all be very proud of.

This growth is only possible by working as a team. There is a place at Happy Paws for anyone who wishes to get involved, we all have a part to play and everyone's input is very much appreciated as working together we achieve so much more and boy, there is still so much to do!

Everyday here at HP HQ I see cruelty that I will never understand. The charity has encountered dog baiting, starving, cruel confinement, beating and much more - people often ask me how I personally deal with this. I often reply that I have learnt to channel my anger into positive action - I won't give the evil,

ignorant excuse for a human being who has hurt a dog any of my time - I just focus on getting our kids to safety and starting them on their journey to a better life.

Our affectionately known Happy Paws Barmy Army gives me so much strength to fight hard for our kids and for that I will always be grateful.

So to our future - the charity will continue to grow, continue to fight and continue to care for each and every golden who comes our way. The charity will expand into new areas of animal welfare where we feel we can make a difference. The charity will continue to build positive relationships with other organisations as together we are stronger and can make more of a difference.

You, our supporters are the backbone of the charity and I want to send my personal thanks and love to each and every one of you for joining me on this golden journey. We have come a long way together but we still have a way to go!

Who knows where the next six months will take us - all I know is it certainly won't be dull.

*Lots of love to you all,

## CORY'S JOURNEY

I was approached by Prada's mum to help find her a friend as she was so lonely after losing her friend. I had just the boy in mind - a very handsome chap called Cory. Prada's mum & dad showed her the pictures and she was hooked! Prada even went to post the adoption papers back herself!

### ...A LETTER FROM PRADA

I wanted to share this beautiful letter that I received from a gorgeous golden girl called Prada (her mum helped her write it lol xx). We rescued and rehomed her big brother Cory.

The contents made me cry 'happy tears' - to think we are making such a difference not only for the kids we rescue but also their wider family xx. I feel so proud of our charity and what we achieve with your support!

Prada

Hi Lisa and everyone at Happy Paws Puppy Rescue.

My name is Prada and I am a 10 years old golden girl. When I read all the good news stories in the HP magazine it makes me so happy that you have saved my friends and given them a furever home and a happy future.

What I would like to say is a BIG THANK YOU for rescuing my brother Cory. After my sister Molly died my human parents thought I was doing OK being an only child. This was not true, and I wasn't doing fine as they thought. I missed Molly so much and I didn't like being the only dog in the family. I had never been an only dog before!

My Dad was working in his office one day and so I lay down by the office door so he could see me. When he looked at me, I gave him the saddest eyes I could hoping he would understand. When Mum came home, I heard Dad say, "I don't think Prada likes being an only child, I think she is lonely and missing Molly. What do you think about getting her a new brother or sister?" Mum said, "I think you could be right" and started the search. They knew I didn't want a puppy because at my age I don't have the energy any more.

Mum found Happy Paws on the internet and started to communicate with Lisa about the possibility of adopting a brother or sister for me. After the initial assessments Lisa told my Mum there was a boy dog called Cory who would be the pawfect match for me. My Mum and Dad agreed that Cory could come to live at my house.

When they arrived home with my new brother we were introduced in the front garden. My first impression was to think he is a good looking boy but he is very thin and needs to put on a few pounds.

Cory has now been with us for almost 18 months, he is now the perfect weight and a stunning looker. A complete joy to have in our home. You see, not only have you rescued my brother, but you have also given me a new lease of life. I am so proud to go for walks with my brother, play with my brother and just having him in the house makes the place feel like home again. You saved Cory from a horrible situation and you saved me from a life of living on my own.

I think it is fair to say you have rescued two Goldies and started a special friendship. Lots of Woofs and Licks

### OUR FRIENDS AT HAYDOS

Happy Paws is very proud to work with Turkan, Tracey and Dean, not only to save as many dogs as we can, but to help to support the work they all do on the ground.

As a charity we have funded the Happy Paws pen area, kennels and food.

To date we have rescued over 100 lucky kids who would never have survived without everyone pulling together and working hard in the name of animal welfare.

As a charity we have visited a few times and we have always been impressed with how well run

the shelter is and how the dogs are cared for.

As a charity we have so much respect for team Haydos and I'm sure we will be working with them long into the future.

**Gokova Animal Rescue is a small, UK based charity, founded to help the street animals in the Turkish village of Gokova and surrounding areas. Happy Paws works in Partnership and has re-homed a few golden kids like Sam.**

The primary aims of the organisation are to feed the animals, keep them parasite-free and take care of their health and welfare needs. They also operate a trap, neuter and release programme to prevent an influx of unwanted souls. They try to find adoptions or foster homes for suitable dogs and cats or those in need, arranging transport and

official paperwork where their adoption is in a different area of Turkey or abroad. To enable us to help the animals we rely totally on kind donations. They have few volunteers to help with their work and the day-to-day running is largely done by Beria Atamturk and Carol Towers. They have a small circle of regular, animal loving donors to help our cause. Donations can be made to us via PayPal at [gokovaanimalrescue@yahoo.co.uk](mailto:gokovaanimalrescue@yahoo.co.uk) should you wish to help.

Happy Paws is proud to stand shoulder to shoulder with organisations like Gokova and together we are making a difference. x

## EMRA AND THE RESCUE WE CALL THE GARDEN

Happy Paws is so proud to work with Emra - he is known as our 'Turkish Angel'

Emra set up and runs a shelter affectionately known as the Garden.

Happy Paws works very closely with Emra to help him provide a safe haven for many unwanted souls.

We try to help Emra by taking as many

goldens as we can and get them into our foster system but the need never reduces.

As a charity we will continue to do all we can to support Emra as without him many dogs would just die!

Here are just two of the lucky souls who started their Happy Paws journey after being rescued by Emra.

## SAVING – DAISY

When we first saw the harrowing picture of Daisy our hearts sank. She was so frightened, scared and desperate for help.

Thankfully for Daisy the Happy Paws dog squad swung into action and saved her from a vile pound. We managed to get her to safety. She then went off to her foster home so she could recover from her ordeal.

Thanks to the incredible support we receive she now lives a very happy life with her wonderful family and her big sister Hatty (also a Happy Paws girl).

Daisy now has the life she deserves where she is loved unconditionally and we could not be happier for her.

*Loving her new home*

## MOLLY LOO – FROM FORGOTTEN TO FABULOUS

Molly Loo's rescue was one of our most upsetting - she had been chained up, left to languish and basically forgotten about.

She was filthy, starving and so frightened.

But we were not going to leave her living in that hell.

We rescued her and got her into foster straight away.

In foster she thrived, she had to learn how to be a dog but she improves every day.

She now lives with the most amazing family who just love her to bits.

She now wants for nothing and we could not be happier.

Her rescue was only possible thanks to the incredible support we receive.

Kind donations allow us to work quickly and get these beautiful souls to safety xx

## IRIS - FROM INJURED TO LOVED

Poor Iris was found wandering around with a badly infected eye.

She had been in pain for some time and it was only thanks to an amazing lady who cared enough to help her that she made a full recovery.

Happy Paws was asked to help Iris and we agreed straight away.

Iris is now living with a fantastic family and embracing every new aspect of her new life. Her loving family are so proud to call themselves her mum and dad.

Yet again we were only able to help thanks to our supporters donating and helping us help her. xx

## RORY - RAGS TO RICHES STORY

*Poor Rory when found*

Rory's rescue was an incredibly sad story.

Tied to a lamp post to await his fate! He was cold, frightened and very confused.

He could not understand why his owner was not coming back for him.

He sat there for hours!

Luckily a friend of Happy Paws found him and contacted us for help.

Rory was found to be very thin and quite depressed, however once in foster he soon settled and enjoyed being part of a family.

Rory now lives a wonderful life with a superb family who simply adore him. The best thing is he will never feel fear again and that is priceless.

Yet again we were able to act quickly - we can only do this because our supporters are so generous - it's thanks to that support that our boy Rory has the life he has today. x

*Are you comfy Rory? lol x*

## DUNCAN'S DIARY

Well it's been a year since our beautiful boy joined my family.

All I can say is it's been a wonderful journey. Duncan has been through so much in his life but he takes every new experience in his stride and is quite simply incredible.

It's been a wonderful experience for me too - rescuing a dog - when you really have no idea of their background is quite a step to take yet with patience, kindness, time and lots of love and dare I say, a sense of humour, it's a really incredible thing to do.

Duncan is very much part of my family and we all love him to bits.

*Cool dude Dunks*

*He loves his octopus*

## 10 THINGS YOUR DOG WOULD TELL YOU...

1. My life is likely to last 10 to 15 years. Any separation from you will be painful: remember that before you get me.
2. Give me time to understand what you want of me.
3. Place your trust in me - it is crucial to my well-being.
4. Do not be angry at me for long, and do not lock me up as punishment.
5. You have your work, your entertainment, and your friends. I only have you.
6. Talk to me sometimes. Even if I don't understand your words, I understand your voice when it is speaking to me.
7. Be aware that however you treat me, I will never forget.
8. Remember before you hit me that I have teeth that could easily hurt you, but I choose not to bite you because I love you.
9. Before you scold me for being unco-operative, obstinate, or lazy, ask yourself if something might be bothering me. Perhaps I might not be getting the right food, or I have been out too long, or my heart is getting too old and weak.
10. Take care of me when I get old; you too will grow old. Go with me on difficult journeys. Never say: "I cannot bear to watch" or "Let it happen in my absence." Everything is easier for me if you are there, even my death.

## HAPPY PAWS MONTHLY LOTTERY

**The Happy Paws Lottery began in April last year and we have been overwhelmed with the support. A third of all the takings on the Lottery each month is given out as prize money.**

**Each month we nominate a dog that for a number of reasons we may not normally be able to rescue and that makes them even more special.**

### MEET SOME OF OUR LOTTERY DOGS:

**CHARLIE** - MARCH 2019  
This sad and frightened lad was in a Police Training Centre but he wasn't doing so well and was hit a lot and became very scared. They were going to dump him in the Pound but thankfully someone at the Training Centre felt sorry for him and put out some feelers which eventually led to us. He's needed a lot of vet care for his broken leg but is now with a wonderful family here in the UK and continuing his treatment.

**ANNA** - OCTOBER 2018  
Anna was found in North Turkey in the forest area having given birth to a litter of puppies. She was filthy and starving but taken into a yard with nearly a hundred other dogs with just some plastic sheeting for protection for her and her puppies. Sadly all the puppies died of disease but eventually we were able to take care of her and get her back to health.

**COBY** - AUGUST 2019  
This lad was dumped in a Shelter and was sick. He had a broken leg which hadn't healed correctly and he had a raging infection and was quite a worry for sometime. We were able to get him the best vet care and he's doing really well and will be travelling in December 2019.

**ERIN** - OCTOBER 2019  
Our newest Lottery dog. Erin was found alone in a notorious forest area where dogs are regularly dumped. She was so scared and thin and being attacked by other dogs. We had to act fast. Erin is in a place of safety waiting to start her Happy Paws journey.

**If you would like to join our monthly Lottery and set up a monthly Standing Order please email: [ajord2000@gmail.com](mailto:ajord2000@gmail.com)**

### CURLEYS ONLINE PET SHOW IS SIMPLY THE BEST

**Sophie and Tracy**

**The beautiful Troya**

#### Message from Sophie

I found out what an amazing job Happy Paws Puppy Rescue do and how many lives they save. My friend has adopted a baby from Happy Paws and seeing how much you changed her life and how she fits in perfectly into her new family. I have been entering online pet shows for a few years now and enjoyed taking photos of my two assistance dogs. Online pet shows are a great way to show off your pets and meet other people who love their pets just as much as you. So my mum and I started Curleys Online Pet Show to raise money for Happy Paws Puppy Rescue. I turned 21 this year and I wanted for my birthday to raise enough money to save a dog so they can go to their forever loving home through Happy Paws Puppy Rescue. I did my first show and raised enough money for

Rosie to go to her forever loving home. Due to this I got the bug and did another show and raised money for Andy. I'm now on my 3rd show to try and raise money for the gorgeous Troya. I can't see myself stop running Curleys online pet show as the money goes to an amazing charity. The people I have met through Happy Paws Puppy Rescue and Curleys online pet show will be long lasting friends. Please come along and see our page. All you need is adorable pictures of your pets and you can win rosettes and prizes for your baby and raise money for a well deserved charity.

Thank you so much

Sophie and Tracy Martin x  
*Happy Paws can't thank Sophie and Tracy enough for supporting our charity - they are both amazing ladies and we appreciate everything they have done xx*
