Saturday

8:00 am - Prayer

See you at the Pole started in 1990 when a group of students gathered to pray for their school and has spread to flag poles across the nation. This initiative is student led at schools across the nation. If you are able to join at your local school—usually around 7am—to support the students, and if not, take a moment of your morning to cover these students and faculty members that are carrying the love and light of Christ up and down the school halls on the mission field Christ has placed them on.

come to me

Matthew 11:28

Come to Me all you who
labor and are heavy laden,
and I will give you rest
