*Each Quarter we want to highlight the impact The Miracle League of Corpus Christi has on a player and/or their family. This month we introduce Andrew.*

Andrew has been with Miracle League since the age of 6. He has always liked sports but would often get frustrated because he was unable to perform many of the required skills sports have. Before we heard about The Miracle League, all Andrew could do is watch sports from the sideline or on TV. Then he registered for Baseball.

Now Andrew participates in Tennis, Basketball, and other sports within this organization. The Miracle League has been such a blessing. Andrew finally feels like he belongs. The staff, parents, and other players welcomed Andrew so kindly and without judgement. Not only has he grown athletic wise, but he has learned to socialize and to have empathy. He feels 100% accepted, something he has never felt anywhere else. The Miracle League is a huge part of not only Andrew's life, but his mom and dad's.

*We have 500 players in our database with room to grow. Our goal to 10X this number by 2030! Help us spread to word!*
