~ ~ ~

My name is Garrett Epps and I am a recent graduate of Columbia High School. I was born and raised in Brazoria, Texas and have attended Columbia-Brazoria schools since kindergarten. My older siblings and my mother attended school in Sweeny, so I am no stranger to Sweeny as well.

At a young age, I took an interest in Math and sports and this is still an interest of mine today. From Elementary to High School I was a dedicated member of the basketball and track teams. However, my senior year I began managing basketball, baseball, and football. When I'm not managing our teams, you could find me working with the National Honor Society volunteering in the community.

If you were to ask me what interests me the most about school, I'd say not only my ability to be a leader in sports, but also learning Math. I enjoy learning different strategies in Precalculus and look forward to more challenging courses in college. Having such an interest in math, I knew that I wanted to declare engineering as my major in college.

Prairie View A&M University is where I plan to further my education with hopes of becoming a Mechanical Engineer. This college is special to me, as I look forward to following my late grandfather's footsteps: Lion Willie Sanders. My grandpa was a proud Prairie View Alumni just as he was a proud Lion! I recall the many trips to Sweeny Car shows, Banquets, and even community clean ups with the Lions Club. It is only right that I try to follow his lead.

I have a few simple goals set for my next four years at Prairie View A&M. Making the Dean's List, graduating with honors, working as a summer intern, and graduating with the least amount of debt possible. Currently, the only goal I can work towards is minimizing my debt. By applying for as many scholarships as possible, I can achieve this goal—the W.E.T.I scholarship will help lower the amount of money I'll have to borrow. I can achieve my goal of graduating with less debt.

I am excited to be one of the applicants of the W E T I Scholarship and I thank you for considering me!
