BOATYARD GUIDE 2027

The *Log*'s Guide to Southern California and Mexico Boatyards

The hunt for the perfect boatyard for regular maintenance, repairs, or a major refit project can be tedious as Southern California offers a wide range of full-service boatyards, each with its own specialties and staff of skilled craftspeople.

The *Log*'s 2027 Guide to Southern California Boatyards (including facilities in Mexico) aims to serve as a starting point for boaters searching for the proper repair and haul-out facility for their individual needs. In addition, this guide provides key data about Southern California boatyard options, including areas of specialty and on-site amenities, to narrow down the many choices.
The guide includes the latest contact information for each local boatyard, such as a name, address, phone number, fax number, website, and email address, if available.

The *Log* recently surveyed the region's boatyards to ensure that each listing is as accurate and up-to-date as possible. The *Log* assumes no responsibility for changes that may have occurred since the survey was conducted. Please email information on any modifications needed for next year's guide to thelogeditor@maritimepublishing.com.

MEXICO

Abaroa Boat Yard

Topete s/n, Zona Comercial
23060 La Paz, Baja California Sur
Mexico

NEWPORT HARBOR SHIPYARD

Established in 1981, Newport Harbor Shipyard is a full service yacht service facility with lift capacity up to 90 tons and the capacity to service yachts up 50 meters or 150'. We also have 408 V 3 phase shore power available.

We have done a number of custom projects, including design and build of a tender for a large mega yacht, to creating and building a helicopter pad. Our paint crew has done projects across the globe and has over 20 years of experience in custom yacht paint projects. We have the capability and capacity to handle most any project that our customers can dream. Newport Harbor Shipyard has proven to be an extremely viable shipyard in a setting (Newport Beach, CA) that is convenient and very appealing for an experienced crew and discerning owner.
