Subject:

Dana Point Harbor Amended Lease Agreement

Email Body:

Dear Chairman Chaffee and Board Members,

Regarding the OC Board of Supervisors' consideration of the new 66-year Master Leases on August 11, 2026, for the Dana Point Harbor, I write in support of Supervisor Foley's proposed language that would amend Section 11.9 of the Marina Lease to provide clear, enforceable guidelines for slip rate increases for boaters. The burdensome increases of the last 8 years, and the pain, dissension, and acrimony that accompanied those increases, should end.

Regards,
