

# You've been named as an executor.

## What does it actually mean?

You've probably heard of probate (confirmation in Scotland). That's one part of estate administration.

Estate administration is the process of sorting out a deceased person's legal and tax affairs. Everything from bank accounts, belongings and property to pensions and Inheritance Tax. It can be extremely complex and is required after every death.

As an executor, you are legally responsible for administering the estate and distributing the assets. This can be a time consuming and stressful experience.

That's why many executors choose to appoint an estate administration specialist to make sure everything is dealt with properly.

## You're in safe hands.

When it comes to estate administration, we can handle everything you can think of (and all the things you might not have considered).
