

When you call law enforcement:

- Provide law enforcement with the information in this safety kit. Tell them when you noticed your child was missing and what clothing he or she was wearing.
- Request law enforcement authorities immediately enter your child's name and identifying information into the FBI's National Crime Information Center Missing Person File.
- Request that law enforcement put out a Be On the Look Out (BOLO) bulletin.

Missing Smiles is designed to assist our local families with missing and high-risk youth. We provide services such as: Locating missing children via flyer distribution, media and social coverage. Educating our families and bringing awareness to the community of the social media, internet dangers and trafficking. Building a safe and stable environment for the children and our families based off of a biblical foundation. We strive to break the stigma of missing/runaways and work together towards a common goal: the safety and stability of our children. Sadly, our runaways and missing's are not given the same and fair media coverage exposure.
