

Housing Authority of the City of Old Town

**To Whom It May Concern,**

It is with great pleasure that I write this letter in support of Chad M. Whittaker, J.D., of Pure Source Consulting. I wholeheartedly recommend his services to any Housing Agency seeking to participate in an off-site community solar program.

The Housing Authority of the City of Old Town (HACOT) had the pleasure of working with Mr. Whittaker to secure a HUD-compliant community solar agreement. Our goal was to boost our annual HUD operating subsidy and stabilize our finances—and thanks to his expertise and unwavering commitment, we achieved both.

From day one, Mr. Whittaker was incredibly responsive, strategic, and solution-oriented. He thoroughly understood our unique requirements and went above and beyond to source a solar opportunity that perfectly aligned with our needs. Not only did he negotiate a favorable contract term on our behalf, but he also successfully guided us through complex HUD approval processes. As a result of his outstanding work, HACOT secured a community solar subscription agreement that now cover 100% of our Public Housing portfolio.

Mr. Whittaker's commitment didn't stop there. We also wanted to offer this opportunity to our tenants who are responsible for their own electric bills, and he helped us do just that. Post-enrollment, he and his team made time on-site on two separate occasions to educate our tenants and assist them with their own solar enrollments—ensuring they benefit from energy savings without any negative impact on their utility allowances.

Even now, Mr. Whittaker continues to be a valuable resource to HACOT on energy initiatives and assisting us with our annual HUD Rate Reduction Incentive submission. His knowledge, professionalism, and genuine dedication to public housing agencies make him an exceptional partner.

I enthusiastically and confidently recommend Chad Whittaker to any organization looking to maximize savings and embrace clean energy solutions through community solar.

Sincerely,

Laurie L. Miller  
Executive Director
