

Certified Construction Safety Health Compliance Officer (CCSHCO)

Course Duration: 40 Hours

Course Credential: (CCSHCO)

Course Fees: \$1295.00

CERTIFIED CONSTRUCTION SAFETY HEALTH COMPLIANCE OFFICER (CCSHCO)

IASHEP Certified Construction Safety Health Compliance Officers (CCSHCO) are experienced, well-trained construction safety and industrial hygienists professionals whose goal is to assure compliance with OSHA, ANSHI, NFPA, and other regulatory or advisory requirements and help employers and workers reduce on-the-job hazards and prevent injuries, illnesses, and deaths in the workplace.

Certified Construction Safety Health Compliance Officers (CCSHCO) protect the well-being of the public and the environment by ensuring that safety, health and in some cases the environmental regulations workplace standards are met. These professionals often work for the corporations, federal, state or local government and might spend work hours in locations as varied as mines or factories.

A Certified Construction Safety Health Compliance Officers (CCSHCO) plans, organizes, coordinates, and implements comprehensive safety and loss control/prevention programs and activities for the employer, implements program goals and objectives; evaluates safety training requirements; inspects facilities and equipment for compliance with mandated safety regulations; performs a variety of administrative tasks in support of assigned area of responsibility; and exercises fairly independent judgment and decision making in the course of duties performed.
