

Certified Fire Protection / Prevention Specialist Course

Course Duration: 3 Days CEU's 2.6

Professional Credential: Certified Fire, Exit, and Emergency Plan Technician (CFPS)

(Note: Refresher certification is required every three years to maintain professional credential.)

Course Fees: \$595.00

Our Fire Protection/Prevention, Exit Routes, and Emergency Plans certification covers:

- Life Safety Code 101
- Workplace Fire Safety
- Exit Routes
- Medical Services and First Aid
- And much more!
- Course Outline

Course Objectives:

This course prepares the student to meet the workplace safety needs for Fire Protection and Prevention, Exits and their requirements, Plans related to fire and other emergencies, and First Aid requirements. This course includes OSHA's recent changes to Subpart E and its new approach to what OSHA now refers to as their "Emergency Standards".

Learning Outcome:

Upon successful completion of this course, the student will be able to understand and explain the three elements of fire protection, identify types of fire suppression equipment, understand the requirements for exit routes, design and implement emergency action plans, and understand how to meet the requirements of first aid training.

Audience

This course will be valuable for:

- Fire Brigade Members
- First Responders
- Safety, Health and Environmental Professionals,
- Safety & Health Committee Members
- Government Inspectors
- General Industry and Construction Personnel
- Safety & Health Professionals
- Training Managers
- Industrial Hygienists
- Environmental Professionals

Testing:

Students completing the course must take a proctored final exam. A score of 80% on the final exam is necessary to receive your personalized certificate of completion. The student gets three (3) attempts to pass the course.
