

Certified Occupational Injury & Illness Safety Specialist

40 Hours / 4.0 CEU's

Course Fees: \$995.00

Note: Refresher certification is required every three years to maintain professional credential.) Renewal Fee: \$150.00

Course Objectives:

Occupational health and safety specialists analyze many types of work environments and work procedures. Occupational Health and Safety Specialists inspect workplaces for adherence to regulations on safety, health, and the environment. They also design programs to prevent disease or injury to workers and damage to the environment. Occupational health and safety specialists and technicians frequently communicate with management about the status of health and safety programs. They also might consult with engineers or physicians. Specialists and technicians write reports, including accident reports, and enter information on Occupational Safety and Health Administration recordkeeping forms.
