

Certified Safety, Health, Environmental, Manager Train The Trainer

40 Hrs CEU's 4.5

Course Cost: \$1295.00

Professional Credential: Certified Safety, Health, Environmental Trainer (CSHEMTT)

(Note: Refresher certification is required every three years to maintain professional credential.)

Course Introduction:

It's not enough to train the workforce, you also have to train the trainer.

The training field can change fast, which makes training for trainers crucial. New methodologies. New discoveries about the way adults learn. Changing expectations from trainees—and from your company. The IASHEP Certified Safety, Health & Environmental Train the Trainer course gives you the practical platform skills and confidence you need to succeed. This powerful seminar puts the latest American National Standards Institute (ANSI /ASSE Z490.1 2016: Criteria for Accepted Practices in Safety, Health and Environmental Training at your fingertips. Learn what it really takes to build an effective safety, health or environmental training program.

Whether you've been training for a while or never stepped onto a platform before, this training for trainers' workshop will show you how to become a facilitator of learning, not just a presenter. You'll build confidence, engage your audience from

the beginning and leave your trainees praising your training abilities.

Learning Outcome: After this program, you will be able to:

- Understand American National Standard Institute (ANSI Z490.1)
- Describe the training cycle.
- Identify and determine the need for training—what, who, and how.
- Write effective learning objectives.
- Design participant-oriented learning materials and exercises.
- Apply adult learning concepts, develop supportive climates, and customize off-the-shelf materials.
- Use training activities and alternatives to lecture, strategize for different learning needs, and create effective questioning techniques.
- Prepare properly for a training session, and prepare participants to foster learning.
- Manage and encourage participants of all backgrounds and learning styles.
- Address challenging participants and behaviors.
- Present and facilitate a training program, including use of audio visuals and handouts.
- Evaluate program impact at different levels using a variety of methods.
- Identify the five levels of evaluation.
- Learn how to apply conflict resolution techniques.
- Learn how to identify and interpret non-verbal communication cues.
- Learn how to establish mutual respect and rapport with students.
- Learn how to build consensus with stakeholders about objectives.
