

Certified Safety Technician For Warehouse Workers Course

Course Length: 1 Day CEU's 0.6

Course Fees: \$295.00

Course Credential: Certified Safety Technician For Warehouse Workers (CESTW)

Note: Refresher certification is required every three years to maintain professional credential.)

Course Overview

More than 145,000 people work in over 7,000 warehouses. The fatal injury rate for the warehousing industry is higher than the national average for all industries. Warehouses that store and distribute large amounts of materials can be excellent opportunities for employment, but the physical nature of the work and use of large, complex machinery means a higher risk of injury for workers. Material handlers and order pickers are confronted with hazardous materials and strenuous labor all day long.

Learning Objectives

In this Certified Safety Technician Course for warehouse workers , we will teach you about safety and health techniques to reduce risk to employees and how to recognize and prevent safety & health hazards.
