

IF I CONTINUE TO SMOKE, I
WILL ADD TO THE WORLD'S
TRASH PROBLEM

I MADE A PROMISE THAT I
MUST KEEP IF I AM TO RE-
SPECT MYSELF

If I take such good care of my
car, shouldn't I be even more
careful with my body?

**Why should I put one more pen-
ny in the pockets of the
tobacco industry?**

**I WILL NOT ALLOW YOU TO
DESTROY MY LIFE!**

**Here are the chemicals I will
inhale if I smoke:**

Acetone
Ammonia
Insecticide
Fungicide
Acids
Cyanide
Benzene

Formaldehyde
Styrene
Lead
and 300+ more

**I value my family too much to
smoke **even one** cigarette**

**If I light up, others in my envi-
ronment will suffer**
