

BLESSED

We are incredibly blessed with a fine Long Island Architect, James Mancione. He is creative and knowledgeable in local matters plus Richie Gruber, a church member, has a brother working in the same office... That would be Dawn Murray and Richie Gruber Jr's uncle... Having a local architect is invaluable as he has worked with the local building department numerous times and has his connections. He is also able to keep an eye on the project.

Your Pastor is thankful for a professional to do the hard work of building planning. It takes a huge load off his shoulders and that of the Construction Team. Initial plans are on display Sundays.

CAMPAIGN LAUNCH WAS FANTASTIC!

NEWS NEWS NEWS

- Property Clean Up is Sat. June 5 @ 9:00.
 - New Members Bible Study starts Wednesday nights in Mid July.
- Every Wednesday at 7:30 with Pastor Remo on FB. Posted on website later that evening.

May 16 we launched our two year Capital Campaign, 'All Things Are Possible' so that we can re build our church... We thank the many who made this day possible and were delighted with the many who came.

The weekly offering has been sinking like a rock. Please be faithful in your giving; returning to the Lord a portion of his abundance to you.
