

The Surprise Community Job site is a job-search tool created to help you find local employment in the city where you live.

Visit **surpriseaz.gov/communityjobs** to see which Surprise employers are hiring!

WHY SHOULD YOU CHECK THE COMMUNITY JOB SITE FIRST?

- All businesses with a city of Surprise business license are able to post jobs to the site free of charge; this means more potential job opportunities.
- Only wage-based positions are posted; no commission-based or volunteer-only jobs are added to the site.
- Be part of our city's growth. **Be sure to check the site often for new job listings!**
