The cast of The Adult Life brings a powerful built-in audience, with a combined reach of hundreds of thousands across Instagram, TikTok, Twitter, and OnlyFans. Each woman has a loyal, highly engaged fan base that spans mainstream pop culture followers to niche, devoted communities. Their collective presence drives instant visibility, organic buzz, and cross-platform conversation—ensuring the show not only resonates on screen but thrives in the fast-moving social media landscape.

# Las Vegas Season 1

**Las Vegas is the natural first stop for The Adult Life because it's the heartbeat of the adult industry's biggest annual event—AVN/AEE weekend—where stars, fans, and industry power players converge in one electric, non-stop playground.**

# **Key Markets** THE ADULT LIFE ISN'T JUST A SHOW...IT'S A LIFESTYLE BRAND.

**Las Vegas    Los Angeles    Miami    New York**

**Australia    Latin America    United Kingdom**

The Adult Life offers opportunities to utilize a format that integrates multiple localities. From the adult content production hubs of Miami, Los Angeles, and New York to international settings and productions. The show sets the stage for future spin-offs beyond its original Las Vegas based narrative.

## EPISODE 1

“Still me, just in different shoes.”

“Just a Normal Morning...on the farm “

“This Is a Job”

“Two Girls, One Hustle”

Each episode of The Adult Life is structured around intimate, themed segments that weave together vérité scenes, personal diaries, and curated conversations. From behind-the-scenes glimpses at conventions and shoots, to quiet moments at home, to stylized “Sex and the City”-inspired multi-cam roundtables, these segments give each cast member space to reveal different sides of herself—professional, personal, and everything in between. The result is a layered storytelling approach that feels both cinematic and lived-in, capturing the humor, vulnerability, and unapologetic power of women navigating life and love in the adult industry.

## **Silicon Valley's Sex Censorship Harms Everyone**

The Adult Life rips the veil off one of the world's most taboo industries and dives into the unfiltered reality of adult entertainers. It's raw. It's messy. It's unapologetically real. Beyond the lights and cameras, this series exposes the ambition, drama, and personal stakes of stars who built their careers in a world society consumes but rarely dares to understand. This isn't just about the work—it's about identity, reinvention, and survival in an industry where every decision can make or break a brand, a career, and a life—not just the glamour, but the grit. The Adult Life captures it all: the hustle, the chaos, and the price of fame in an industry that lives on the edge. I understand the balance between daring and authentic storytelling. I bring a fearless vision to push boundaries while keeping the human element front and center, making this show provocative yet relatable.
