

Giuseppe Joe Candido

2/26/1930. 3/18/2026

In March, we said a sad goodbye to an old friend, Giuseppe Joe Candido. Joe was born in Sicily. He came to USA with his wife Carol and son as part of the American Company he worked for in Europe.

Joe was a pilot in the Italian Air Force and trained in Texas and Canada. Joe was a chemical engineer by profession and worked for oil companies as well as pharmaceutical companies. After retiring, Joe and Carol traveled all around the world, spending winter in Florida. Carol and Joe were married for 62 years.

Joe was a vivid reader of history books and enjoyed attending the monthly programs at the Dingmans Ferry-Delaware Township Historical Society. He is greatly missed by his family and friends.
