Close Encounters with Birds of Prey

Here's your chance to see birds of prey up close and learn about them in a safe environment. Bill Streeter, Delaware Valley Raptor Center, will be bringing an assortment of birds for his presentation. The Raptor Center, located in Milford, PA, is a private, not-for-profit, tax-exempt organization dedicated to the conservation of birds of prey (hawks, eagles, owls, falcons, and vultures). They provide a home for our retired education ambassadors and foster parents that were unreleasable due to their injuries.
