

Fun and Easy Watercolor

Let's paint!

Materials:

Watercolor paint set

Brushes: tiny, small, medium

Watercolor student-grade paper

Permanent Sharpie marker (optional)

Rinse bucket

Paper towels

You can use the line drawing provided or create your own!

Option 1 – Window Transfer

1. Print the PDF line drawing.
2. Tape it to a sunny window.
3. Place your watercolor paper on top and tape it in place.
4. Trace over the lines—you'll see them through the light!

Option 2 – Homemade Graphite Paper

1. Take a regular sheet of printer paper.
2. Use a pencil to color one entire side, making it dark and messy.
3. Place this sheet (pencil side down) on your watercolor paper.
4. Position the line drawing on top, tape it in place, and trace over the lines.
5. When you lift it up, your drawing will be transferred to your watercolor paper!
