

FUN & EASY DINOSAURS

IN WATERCOLOR

Birgit O'Connor

Welcome

Hi there!

I'm super excited to paint with you! These lessons are designed for kids to have fun and explore watercolor.

Materials

- Watercolor paint set
- Brushes: tiny, small, medium
- Watercolor student grade paper
- Permanent Sharpie marker
- Rinse bucket
- Paper towels

Paint one dinosaur at a time or create your own story.

The easiest way to transfer the line drawing to watercolor paper is to first go over the drawing with a permanent sharpie marker, then tape it to a window, place the watercolor paper on top, and trace over it.
