We have a unique purpose in this world,
and our rare diseases can play an
important part of helping us to become
the **EXTRAORDINARY** individuals
we are intended to be.

My Identity Puzzle

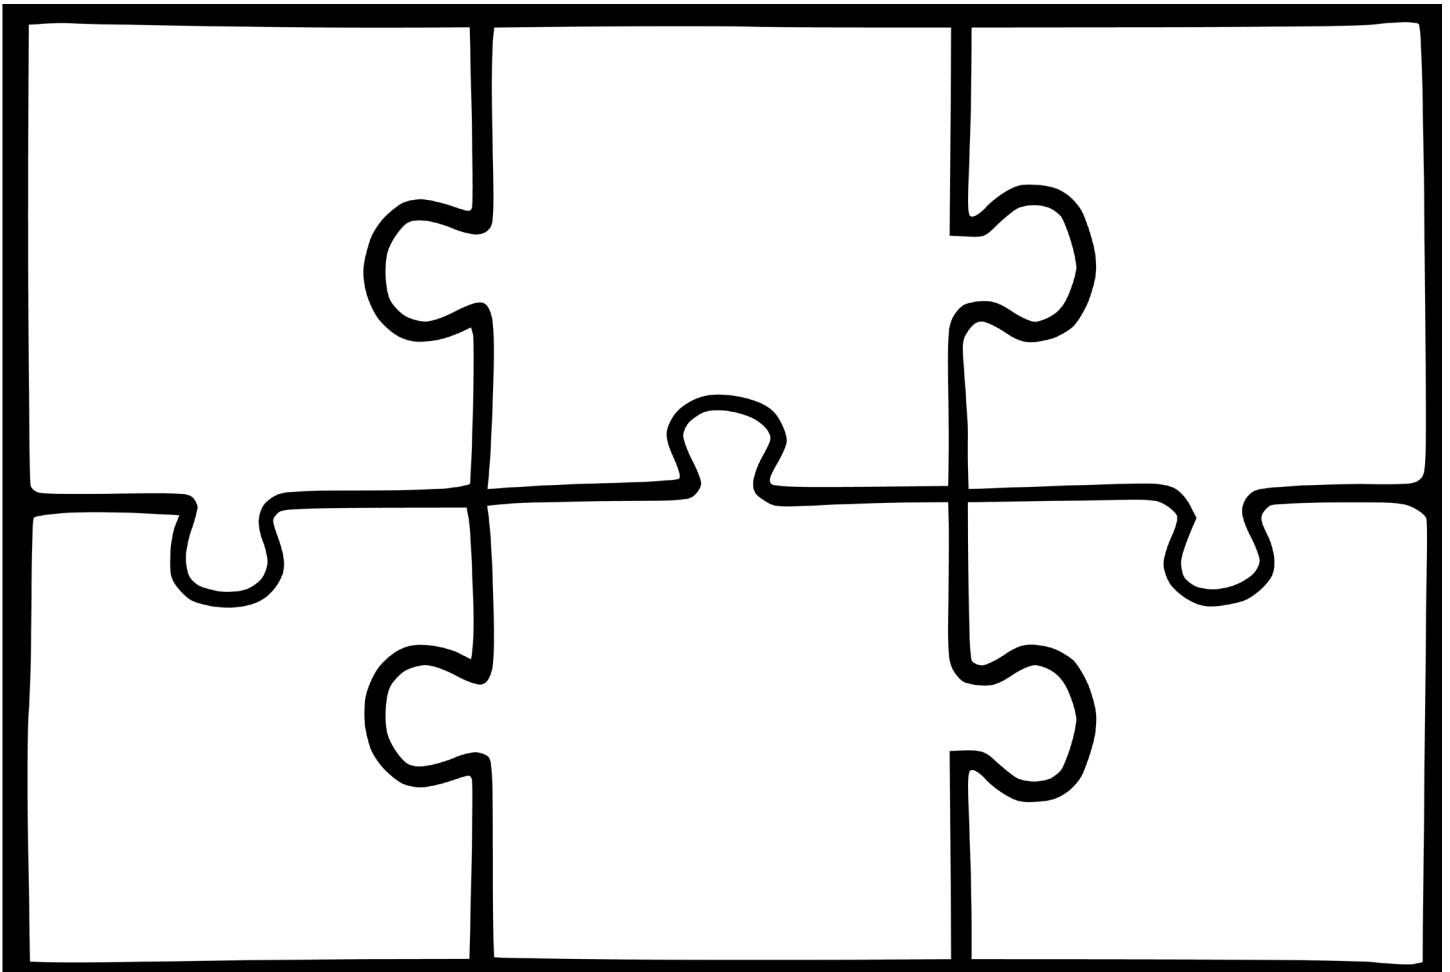

MY NAME

**An identity is what makes me who I am
and what makes you who you are.**

Identities are made of many pieces, just like a puzzle. Together they form a wonderful picture! In these puzzle pieces, draw some of the different parts of who you are.

My identity includes:

Personality
Talents & abilities
Character qualities
Interests
Appearance
Differences
