#	#	L	Topic	Yes....	Unsure	No....
1.01	2	2	Abortion If there are no unwanted pregnancies, there is no need for abortion.			
	3	2	Abortion If there is effective family-based and/or faith-based training in sex there will be few, perhaps even no unwanted pregnancies.			
	4	2	Abortion Ending abortion is not about changing the law, it is about changing the beliefs and training about sex and about the person in the womb.			
	5	2	Abortion Abortion always kills a person in a womb.			
	6	2	Abortion Because abortion is always killing a person in a womb, it should never be allowed.			
	7	2	Abortion Situations, risk to the mother, caused by rape or incest, do not mitigate the fact that a person in a womb will be killed.			
	2	2	Behind the Scenes There is evidence that there are forces of wealth and politics using funds, blackmail, threats, intimidation and other means to manipulate our representatives in government and to skew our elections.			
	3	2	Behind the Scenes Measures must be created and put in place to protect representatives from all manipulative forces, and to, when necessary, expose representatives who have been compromised.			
	2	2	Elections Elections are the fundamental process by which we, the people, choose those who will represent us and exercise the power of making policy decisions.			
	3	2	Elections Elections can be corrupted, and so, the will of the people can be thwarted.			

#	#	L	Topic	Yes....	Unsure	No....
	4	2	Elections The most secure way to conduct an election is using the SHIP process: 1. S, Same day 2. H, hand count 3. I, ID's required 4. P, Paper ballots			
	5	2	Elections Any election conducted without SHIP is vulnerable to infiltration, manipulation and corruption.			
	6	2	Elections Mail-in ballots are not to be used except by those who have an absentee reason.			
	7	2	Elections Absentee voting is allowed for verifiable illness, being outside of the country, being in the military.			
	8	2	Elections If SHIP is not used, elections cannot be trusted.			
	2	2	Finances The government at all levels is to have no debt.			
	3	2	Finances All finances are to be transparent, all revealed and accessible for watching and accountability.			
	4	2	Finances—Taxes Taxes are to be fair to all.			
	5	2	Finances—Taxes Taxes are not to be used to manipulate the people; currently, tax laws are used to financially force the people to do what representatives think the people should do—this needs to end.			
	2	2	Ideologies All governing is based on ideologies—underlying beliefs, the purposes and consequences of which need to be understood and either supported or countered.			
	3	2	Ideologies Ideologies generally fall into one of two categories: Autocracy or Autonomy Control or Consensus Force or Freedom			

#	#	L	Topic	Yes....	Unsure	No....
	4	2	Ideologies The Ideologies, the guiding principles, of the U.S. were created to protect individual freedom and to give the power of decisioning to the people.			
	5	2	Ideologies The Ideologies of freedom, and placing the decisioning power with the people, must undergird all laws in the government.			
	6	2	Ideologies Communism and Marxism, according to the Communist Manifesto, is based on revolution and violence to support their views and to oppress and/or kill all opposition.			
	7	2	Ideologies Islam presents itself as peaceful, but sees itself as the only true religion, and any other religion or carrier of other religions are eventually to be destroyed.			
	2	2	Legislation At all levels of government, there needs to be a clear and straight forward record of all actions—bills proposed and by whom, discussions, upcoming topics, and a clear record of all votes at all times.			
	3	2	Legislation The legislative record should extrapolate the position of each representative on all issues. (An example, [iaproject.org] is doing this. Accountability > Member accountability > type in zip code.)			
	2	2	Libraries Libraries should not have sexually explicit or any material that can be used to groom children; if they do, they are to post this at all entrances to warn parents of harmful materials.			
	2	2	Marriage Marriage, the committed union between a man and a woman, has been an option since the beginning of humankind.			
	3	2	Marriage Marriage is a sacred commitment between a man and a woman.			

#	#	L	Topic	Yes....	Unsure	No....
	4	2	Marriage The U.S. government involvements in marriage has distorted marriage.			
	5	2	Marriage The U.S. government in marriage creates a civil contract.			
	6	2	Marriage This civil contract, in government, has been extended to same sex couples, which is not, in truth, marriage.			
	7	2	Marriage The government can also extend this civil contract to people and animals, which is not, in truth, marriage.			
	2	2	Media Because of the current environment of narratives and propaganda, we approach all media with discernment and caution.			
	1	2	Prayer In all public meetings within government, there is to be a moment of silence to allow all in attendance to pray.			
	1	2	Transgenderism Transgenderism is an ideology designed to destroy the family and our country.
